Nicolas Morse Accomptant delivers in his annual Report to the Board which is enter'd after this Consultation whereby it appears that the Expences of the Coast is increased in the whole almost ten thousand pagodas, and the Revenues advanced upwards of Six thousand.

Accompt.  
delivers in  
his Annual  
Report of the  
Expences and  
Revenues.  
The Account  
enter'd.

The Cause of the encrease of the Expences at this place are there mention'd and the Deputy Governour and Council of Fort St. David gave the reasons for theirs, the other two cou'd not be explain'd in the Account because of the late arrival of the Books, As to the encrease of the Revenues it is Chiefly owing to the advanced price of Grain, and the greater importation of it by sea.

remarks  
thereon.

The Accomptant reports the Fort St. David Expences for November to be decreased almost One hundred Pag<sup>s</sup>. in the article of the New Garden House, and those of Vizagapatam seventy odd Rupees, the former month being encreased by payment of Arrears for Wages.

d<sup>o</sup>,

The President informs the Board there is an Acco<sup>t</sup>. by Way of Goa that the Europa has lost her Passage round the Cape, and winter'd at Mozambique.

Advice of the  
Europa's  
loosing her  
Passage.

impos'd by  
the Mayor's  
Court on  
their  
refusing to  
serve as  
Aldermen.

On Considera-  
tion of the  
Matter,

their  
Petitions are  
Granted.

On further  
consideration  
of the matter  
The follow-  
ing by Law  
is proposed.

The By Law.

The Cloth  
recd. from  
Vizagm. by  
the R. yal  
George being  
sorted,  
Agreed to  
allow the last  
Years prices  
for it.  
A propor-  
tionate deduc-  
tion to be  
made on the  
short cloth.

ORDER'd that Mr. Rous in the stead of Mr. Burton who is now ill go on Board the Europe Ships with the Gunners to survey their men, and take an exact Acco<sup>t</sup>. of their Warlike Stores, and report the same to the Board.

Petition from Mess. Douglas, Barlow, Hart, Tullie, Johnson, Colebrooke, Lethi-  
eulier, Simpson, Crawford, Percival, Golightly and Empson read setting forth that the  
Mayor's Court had Elected them to serve as Aldermen and on their requesting to be  
excused that service had imposed a fine of One Hundred pagodas on such of them  
from which they pray to be reliev'd.

This matter being taken into Consideration it was Agreed that since the making  
by Laws, and Ordinances for the good Government of the several settlements and the  
imposing pains and Penalties for the breach thereof was by the Charter expressly  
reserved to the Presidents and Councils, The Mayors Court cou'd have no authority  
to impose a penalty on any man refusing to act in that station, till a By-Law for  
that purpose shou'd be made nor cou'd such by-Law take place till it had agreeable  
to the Charter been transmitted to England and Confirm'd by the Court of Directors,  
and consequently the penaltys imposed on the Petitioners abovenamed are irregular,  
and not warranted by the Charter, it was therefore Agreed to excuse the Payment  
thereof.

But howsoever as on Perusing these Petitions it Appearing that some of the Peti-  
tioners had not shew'd reasonable Cause for declining that service, and that if No  
penalty was to be incurr'd by such refusal every one might do the same, and conse-  
quently the Execution of Justice might be retarded, It was agreed to make a byLaw  
with the relation to this Affair to be sent to the honourable Court of Directors by  
these Ships for their Approval, which byLaw is as follows.

If any Person shall be duly chosen by the Mayor and Aldermen to serve as an  
Alderman for the Town of Fort St. George, and such Person shall refuse to serve and  
be sworn into such office he shall be fined unless some reasonable Cause of refusal be  
proved to the President and Council who are to judge of the same, such fine not  
exceeding fifty nor less than ten Pagodas, as the President and Council shall think  
reasonable to inflict.

The Cloth from Vizagapatam brought up by the George in August being now  
wash'd and sorted, It was agreed to allow the price of the last Year for it, But almost  
all of it being Short Cloth occasion'd as it is most likely by Mr. Davis's Illness,  
which made him incapable of giving such due attendance to the Investment as he  
ought to have done, the Warehousekeeper was directed to allow for the same *Pro*  
*Rato*, and it is agreed to advise hereof in our General Letter.

Vizagapatam  
Cloth to be  
bought by  
Numbers and  
no double  
O Chop.

The Vizagapatam Salampores being now all wash'd were this day inspected and priz'd as the last Year excepting only that the Cloth being then taken all together at fifteen and a half 15½ Pag<sup>r</sup>. ¼ Corge without a Deduction for such part of it as prov'd short measure, It was now resolv'd to make an Abatement for the same accordingly the O Chop being One Covid shorter, and one Inch narrower than the full measure or about 5 ¼ Cent it was agreed to allow fourteen and three Quarters 14¾ Pagodas and for the double O Chop being two 2 Covids shorter, and two Inches narrower only fourteen Pagodas ¼ Corge.

AGREED also that M<sup>r</sup>. Sanderson have directions that the Cloth he provides in future be bought by Numbers and not one with another, and that he avoids as much as possible taking in any of the Double O Chop.

FRIDAY  
 THE 14<sup>TH</sup>.

Last Consultation read and Sign'd.

Mr. Sanderson being on 'his departure for VIZAGAPATAM, ORDER'D that thirty thousand 30000 Pagodas be sent with him, And

Money sent  
 to Mr. Sanderson to  
 Vizagapatam.

The Madrass Galley on which he takes his Passage being in want of Caulking, and some other repairs ORDER'D that she be got into the River and fully refitted to come up in August with Bales.

Madrass  
 Galley to be  
 repair'd  
 there.

## —FORT ST. GEORGE, MARCH 1734-35—

Directions  
sent thither  
about their  
Revenues  
&c<sup>s</sup>.

The Revenues of Vizagapatam being then taken into consideration and fully debated it was AGREED to confirm the orders given in our Letter of the 22<sup>d</sup>. Nov<sup>r</sup>. 1734 with respect to importing and exporting of Goods Custom free, and the other Regulations made at that time, as for the rest of their Revenues their appearing no probability of encreasing them at present. The Board only recommended to M<sup>r</sup>. Sanderson not to let slip any opportunity of doing it which might hereafter offer itself.

Ditto.

AGREED that the Chief and Council write of the sum of Ten thousand Eight hundred Forty Nine Pagodas, six fanams and forty two Cash Pag<sup>s</sup>. 10849. 6. 42 being the Amount of the Debt of Vizagapatam Town, first deducting the Revenues of the last Year not brought to account in the Books last receivd which were not p<sup>d</sup>. in till June whereas their Books end in April. This Debt is the difference between what paid the Government for Vizagapatam and the other Villages Annually and the produce of their Revenues, and ought to have been wrote off every Year.

Ditto.

Their being several Debts on those Books that there is no probability shou'd ever be recover'd AGREED that they be refer'd to the Company and for the present kept on the Books till an Answer comes. But that in the meanwhile if there be a Possibility of recovering any thing the Chief and Council do not neglect it.

Ditto.

The Paymasters Accounts were then taken into consideration and it appearing that the Charges Garrison were full as large as in the Year 1731 when the Company complain'd of the expences of that Settlement, and some other Articles appearing rather greater than necessary It was resolv'd to order the Chief and Council to reinspect those Accounts and to see if there was no abatement to be made, and to point out some of those Articles wherein we apprehend it may be done in our Letter to them.

Ditto.

There being a Tent belonging to the Estate of M<sup>r</sup>. Davis remaining at Vizagapatam which has been always made use of to secure the Companys Bales at the time of sending them up to Madrass, that is offer'd for 50 Pagodas and it being absolutely necessary to secure the Bales at such times and for many other services of the Garrison, either to buy that or make another which will cost considerably more, AGREED to permit the Chief and Council to purchase the said Tent if it proves to be cheaper in Proportion to the Goodness than making a New one.

M<sup>r</sup>.  
Sanderson  
requests an  
Allowance  
for  
maintaining  
the people  
sav'd out of  
the Shawlun.

M<sup>r</sup>. Sanderson than represented to the Board that we had order'd him to maintain the People saved out of the Wreck of the Shawallum, at the Companys Expence till such time as an opportunity offer'd for them to proceed either to Madrass or Bengall and therefore he requested an Allowance for the same which being consider'd,

Money  
allow'd him  
on that  
Account.  
Reasons for it.

It was AGREED to allow him One thousand Rupees 1000 for that Expence, which it is hoped for Vizagapatam will not esteem too much considering the time they were there, the Number of Persons to be supported and the Condition they were in when they got ashore and that he was oblig'd to supply them not only with Lodgings and Provisions, but Cloaths and all other necessaries.

FROM MOOPAR CHITTY EYANA a Northern Merchant at Trivlicane dated and receiv'd the 22<sup>d</sup>. of March 1734-5.

For many years I and my Ancestors have used the Trade of Madrass from the Northward which was happily Carry'd on to this time, But it has happen'd this Year that a Boat belonging to me Anchor'd in S<sup>t</sup>. Thomé road. Your Honour being inform'd of it sent for me, and was pleas'd to order the said Boat to be brought to Madrass. I have thereupon wrote to my Gomastoes at S<sup>t</sup>. Thomé in Order to send the Boat to Madrass, but to my utter misfortune my Gomastoes disregarded my Orders, and did not send the said boat which caused Your Hon<sup>rs</sup>. displeasure and Anger to fall on me, and I was told by Your Honour that I do not deserve Your Honours protection, and only such as S<sup>t</sup>. Thomé upon which I thought it better to keep myself at a little distance till those ill days which happen'd through my misfortune were blown over when I cou'd take opportunity to beg Your Hon<sup>rs</sup>. Pardon, so I staid till now in Triplicane under Your Honour's Protection and Jurisdiction.

HONOURABLE SIR, all my Boats with Grain and several other Goods are under Your Honours Protection, and I shall for the future only Act according to Your Honours Approbation, and not in any other Way, and I beg Your Honour will please

—FORT ST. GEORGE, MARCH 1734-35—

to take into Y<sup>r</sup>. serious Consideration that I have borrow'd several sums of Money in Rupees from many Merchants and sent the same to the Northward, and that all the Grain, and other Goods of mine which are now remaining in Banksalls, and in many other Places will meet with Considerable Loss, and bring great damage upon me if there falls any Rain as by the Clouds and Lightening that appears it seems likely to do, and more especially if my affairs lye in this manner my Creditors will come upon me to demand their Moneys, and thereby I shall be depriv'd of my Credit. Your Honour is very sensible of Merchants Affairs, and therefore I need not say any more, but that I pray Your Honour will not think of my past Errors but be pleas'd to accept of this my humble entreaty to pardon me, and Permit me to appear before Your Honour where I shall endeavour happily to carry on my Trade as formerly, and never more shall act anything contrary to Your Honours Will and Pleasure.

FROM CORALA MULLIAH

MARCH THE 19<sup>TH</sup> 1734-5.

I have for many Years used the Northward Trade to the Port of Madrass with great happiness but this Year a Boat of mine anchor'd at S<sup>t</sup>. Thomé which Your Honour being inform'd of, sent for me and Order'd me to bring that Boat to Madrass, I wrote accordingly to my Gomastas there who wrote me for Answer that the Government there wou'd not let any Boat that had Anchor'd in their Road go to any other But my not acquainting Your Honour of it and the same Day being a very bad one for me I was so unfortunate as to get Your Honours Anger, and to be told by You I deserv'd no other protection than that of S<sup>t</sup>. Thomé. Imagining I cou'd take a more favourable Opportunity to Address Your Honour I retir'd to Trivlicane, where I now am under Your Honours Jurisdiction. There is now a boat belonging to me Anchor'd in Madrass with Grain from Pundemudacha, Her Tandel is ashore and I am talking with the S<sup>t</sup>. Thomé Government to get leave to bring away the Boat, that is at that place according to Your Hon<sup>rs</sup>. Order. I shall in all things Act according to Your Honours Will, But in these bad Days it's not proper to let Goods remain in Our Vessels, but ought to be brought on shore, and if the Grain shou'd remain unsold, either in the Banksalls or any other Place the Merchant may be a great Looser thereby all which is well known to Your Honour. As Fathers forgive their Children when they offend, so I pray Y<sup>r</sup>. Honour will please to Pardon me, and Permit me to come to Madrass where I may happily carry on my Trade under Your Honours protection as I have formerly, and act in all things according to Your Honours direction.

ORDER'D that the Secretary draw out a Contract agreeable thereto against next Consultation and that the thirty five thousand 35000 Pagodas which were advanced on the last Contract be continued in their hands as an advance for the present, the Merchants declaring they cannot comply with the Terms required without it.

Then the President told the Board that Molinga Kistna and Molinga Ball Chitty the Persons he mention'd to them the 10<sup>th</sup>. of last Month had deliver'd him a List of Seven Hundred Sixty Seven Bales 767 Bales, which they were willing to provide at the same rates and of the same Sortments as the other Merchants did provided the Board would make them an advance of fifteen thousand 15000 Pagodas, But that they would not enter into any Penalty for Non Performance.

The Board having consider'd fully of this Affair at last agreed to accept the offer, since the same method had been so successfull with Andiape of Porto Novo, who would never be brought to make any Contract, but has notwithstanding furnish'd us ever since our first engagements with him with considerable Quantities and still continues so to do, whereupon

They were call'd in, and shewn the Prices agreed on with the Companys Merchants, and promised the Board to provide not only the Quantity abovemention'd, but as much more as was Possible. They were paid the said sum of fifteen thousand 15000 Pagodas. The List is enter'd after this Consultation.

Considerations  
about the  
purchase of  
Silver for  
Bengall.

The Manilha Ship being now Arriv'd, and an Opportunity likely to offer the latter end of this Month by Ship Jane then bound to Bengall, to send a Supply of Treasure to the President and Council there, That Affair was taken into consideration, but the price of Silver being now at fourteen Dollars and a Quarter 14½ for ten 10 Pag<sup>s</sup>. Occasion'd by the Manilha Market still continueing so bad that the Goods sent on the St<sup>a</sup> Cruce Anno 1733 are not yet Sold and consequently the returns on this Ship again kept back, It was debated whether we ought to purchase at so dear a rate considering that in all probability we shall have a Ship here from Europe in about a Month or Six Weeks after the Jane Sails so that shou'd we send any Money by her it wou'd only save the Honourable Company about One or One and a half  $\text{₹}$  Cent in Interest whereas it is possible we may if our Investment this Year Answers the assurances given us on all hands reduce our own Cash so low as to put us under the necessity of Selling Silver at the latter end of the season at a much lower rate, and we shou'd thereby render our Selves justly liable to the Censure of our Honourable Masters.

Resolutions  
thereupon.

It was therefore resolv'd not to buy any Silver at this extravagant rate since the only saving to the Company will be a Month or Six Weeks Interest on what we buy, and to wait till the latter end of the Season to see how our own Cash holds out and whether if we have then a Sufficient Supply on hand Silver may not be provided at an easier rate which excepting in the said Article of Interest, will equally assist the Gentlemen in the Bay in all respects, and prevent their making fresh Debts for their next Years Investment as if it went at this time.

SHEWETH

That as we have on our hands a large Quantity of turn'd out Cloth, which we find is impossible to dispose of without great Loss, whilst we are oblig'd to pay the Company Customs upon it at 5  $\frac{1}{2}$  Cent and as this Cloth was not bro<sup>t</sup>. for sale, but for the Company's Investment, We therefore, hope your Worship &c. Council wou<sup>d</sup> be pleas'd to relieve us and permit us to export this Cloth, upon paying Custom to the Company of 2  $\frac{1}{2}$   $\frac{1}{2}$  Cent only, by which means we may be enabled to put it off without much Loss and be pretty near upon the same terms as Andiapa and others at Porto Novo are who pays there hardly so much as 2  $\frac{1}{2}$   $\frac{1}{2}$  Cent and no Persons will buy of us, Unless we sell at the same prices as is done there,

TO THE WORSHIPFULL JAMES HUBBARD ESQ<sup>r</sup>.

DEPUTY GOVERNOUR &c. COUNCIL OF FORT ST. DAVID.

WORSHIPFULL SIR & SIRs

In the Month of December 1728 on a Regulation of Peons, and retrenching Charges, it was thought convenient to take off the Allowance of the Paymasters Palankeen as an unnecessary Charge, at a time when the Company had no Building on hand that fell under his Inspection, But as the President & Council have order'd a survey of the Buildings, and agreed to [the] several Repairs to be finish'd with all convenient speed, I therefore hope, and request my Palankeen may be allow<sup>d</sup>. as usual to enable me to attend the respective distant Situations that I may endeavour to discharge, my Duty, there having been allways an Allowance of 5 Pagodas for a Surveyor of the Buildings, besides the Palankeen w<sup>ch</sup>. I submit to Your better Judgments, and remain,

FORT ST. DAVID  
APRIL THE 22<sup>o</sup>. 1735.

WORSHIPFULL SIR & SIRs,  
Your most Obedient Servant,  
ROBERT BERRIMAN.

TO THE HON<sup>BLE</sup> RICHARD BENYON ESQ<sup>r</sup>.

PRESID<sup>t</sup>. AND GOV<sup>r</sup>. &c. COUNCIL OF FORT ST. GEORGE.

HONOURABLE SIR & SIRs,

Your honour &c. having in Your Letter by the Mountague mention'd to the honourable the Court of Directors the necessity there is for an extraordinary Expence for cleaning the Streets of the Black Town, I need not speak of it here, and therefore, (after premising the hard Labour I have put the Buffaloes to in the three Months I have been Scavenger, and the Small Allowance for Food for them in this time of scarcity has kill'd four of them) I shall only State to you, the present Expence and

## — FORT ST. GEORGE, APRIL 1735 —

propose to you such an Addition thereto as seems to me absolutely necessary in order to bring the Town into such a Degree of cleanliness as shall make the Inhabitants easy at paying a Duty from which they now reap very little Advantage. The present expence is,

26 Buffaloes—Allow <sup>a</sup> . for feeding them—20 fan <sup>s</sup> . p <sup>r</sup> month

Mending Carts and other incidental Charges every Year	..	..	..	..	..	50	—	—	—
Total Expence abot.	..	..	..	..	..	553	12	—	—

The Additional expence which I propose to Y<sup>r</sup>. Honour &c. and which I think cannot possibly be avoided is as follows, and as the Amount of the Rent Roll is 1097. 24.—and that the whole expence with these Additions will not amount to that Sum, I believe Your Honour &c. will think proper to order the same

To allow 7 fan <sup>s</sup> . a Month for each Buffaloe more for the Charge of feeding, the F[lur and Straw being Advanced in price more than that difference w <sup>ch</sup> . for 26 Buffaloes is	..	..	..	..	..	Pag <sup>a</sup> .	60	24	—

And as there will not be so many new Carts made after this Year, nor so many new Buffaloes bought there will be still a larger Ballance, more than Sufficient to answer any unforeseen Charge that may happen, and if this Additional expence shou'd hereafter prove more than necessary, it may easily be lessen'd again, I am

HONOURABLE SIR & SIR  
Your most Obed<sup>t</sup>. Humble Serv<sup>t</sup>.

The Mayors Court having thought fit to impose a Fine on Mr. Torriano the present Sherif for incerting in an Acco<sup>t</sup>. Sale of a House sold in Consequence of a Warrant of Execution out of that Court a fee of one 1/2 Cent paid to the Choultry Justice for Certifying the Bill of Sale of the said House and he having Appeal'd from the same, and prov'd before the Court of Appeals that what he had Charg'd was agreeable to a Custom establish'd so long ago as Agent Master's time, and had been approv'd by the Company, who had been also pleas'd in their instructions to Presid<sup>t</sup>. Thomas Pitt to declare that no Person in possession of Houses or Lands had a title to the same, unless they were register'd in the Company's Register and a Copy thereof Seal'd with their Seal Deliver'd them, whereas the said Court had no other reason for objecting to the said Charge, But that it had been omitted by former Sherifs, and that it had not had the Sanction of their Court, and further it Appearing that Mr. Torriano had requested of the said Court to give him time to lay the matter before this Board, which request they wou'd not grant, but before the Council had met proceeded to impose the abovemention'd fine on him. The Board cou'd not but remark from these proceedings of the said Mayors Court how little regard they shew'd to the Orders of the Board, and even of the Company themselves. A further instance of which disregard to the Company their Letter of the 13<sup>th</sup>. of this Month seems calculated and design'd to give us, since they therein treat the Directions which our Hon<sup>ble</sup>. Masters are pleas'd to call plain, express and Possitive Orders for the Constant observance of us and the Mayors Court as simple Recommendations from them, and Notices of such measures as it may be proper for the said Court to pursue, these remarks the Board cou'd not but make on occasion of these Accidents, How the Honourable Company will esteem of them must be referr'd to themselves. But

The method  
of Register-  
ing houses in  
this place  
taken into  
consideration.

On Occasion of the Sherifs Appeal the President remarked to the Board that there were many more reasons for keeping such a Register besides the Orders above-mention'd, One of which, and that a Principal one was to prevent the Moors from purchasing too many Houses in the Town, a thing absolutely necessary to be guarded against, but which cannot possibly be done while the practice of Registering Bills of Sale &c. continues in the Mayors Court since it is not probable that Court who have in Express terms told us they do not look upon themselves as accountable to us, and who in so many Instances besides this now before us have shewn so open a disregard, and disobedience to the Orders of the Government, will alter their conduct for the future, or take more Notice of what we may hereafter recommend to them than they do at present.

## —FORT ST. GEORGE, MAY 1735—

Another reason mention'd by the President for keeping such a Register was the preventing of fraudulent Conveyances which the present Method doth not so well guard against since the Mayor's Court having made a Rule that all Houses sold by Execution issuing out of their Court let them be of what value soever shall be register'd there; Whereas the Custom of the Place is to Register all Bills of Sale, Mortgages &c. under one Hundred Pagodas value in the Choultry. Nothing is easier than for the Proprietor of a House sold by the Sheriff to resell the same by Private Contract or to make two Conveyances of the same Premises himself, of which Nature there is at this time an Instance. A Man having Very lately sold his House to two different Persons, One Bill of Sale being Register'd in the Choultry and another (tho under One Hundred Pagodas value) in the Mayor's Court.

Regulations  
proposed to be  
made there-  
upon.

For these and many other Reasons the President proposed to the Serious Consideration of the Board whether it was not absolutely necessary for them in Pursuance of the abovemention'd Orders, and many others made at different times to have but one Register kept for Conveyances of Lands, Houses and other Hereditaments within the Limits of this town of Madrasspatnam and the Villages belonging to it.

Which proposal being fully consider'd and debated the Board resolv'd that the instruction to President Thomas Pitt was a Standing Order which had never been revoked, and that therefore all Deviations from the same were erroneous, and that the said Order ought to be comply'd with for that the said Company have since the arrival of the Present Charter in their Letter dated the 14<sup>th</sup>. Feby 1727 Paragraph 96 Order'd a Sett of their Standing Orders to be sent them for the information of those Lawyers whom they Consult and in their Letter dated the 23<sup>d</sup>. Janry 1729 Paragh 108 after receipt of the said Standing Orders directed that such of them only as were repugnant to the laws of England must be look'd upon as void which directions must be understood to be given Consonant to the opinion of those Lawyers for whose perusal the said Orders were sent home, and therefore all such of their Standing Orders as are not contrary to the Laws of England are still binding, and that this for Registering Bills of Sale, Mortgages &c. is not Contrary to those Laws is plain from the 61<sup>st</sup>. Paragraph of the Company's Letter dated 17<sup>th</sup>. Feby 1726 wherein the Company in Express Words approve of keeping such a Register at Fort St. David which happening at the very time when the new Charter was sent us is a plain, and full proof that the Register now proposed to be kept is agreeable and Consonant to the Laws of England.

Several  
regulations  
agreed to.

It was therefore resolv'd that the said Order and Instruction to President Thomas Pitt which has allways been Obey'd for such Conveyances of Lands and Houses as have been Register'd in the Choultry though by some means or other neglected to be observ'd latterly for such as have been Register'd in the Mayor's Court, be for the future Strictly and Punctually observ'd, but the Board remarking by some Acts of Parliament made for erecting such a Register in England in the County's of Yorkshire and Middlesex certain Rules and directions for the more regular keeping of such Register, It was agreed to take time till the next Consultation for regulating the Method of keeping the same here, and bringing it as near the practice at home as the Circumstances of the place will admit of.

Butteca Rent and Shroff Duty due the 30<sup>th</sup>. of April last.

—FORT ST. GEORGE, JUNE 1735—

AND represents to the Board that the Butteca rent and Shroff duty being a settled Revenue let by Cowle as are also the two Gardens usually brought into his Accounts they wou'd be more conveniently collected as the other Revenues of the same kind are. AGREED therefore that the Accomptant debt the Grautees of the said Several Cowles for the amount thereof in the Books commencing the first of May 1735 instead of the Rental General.

And the Butteca rent and Shroff duty and the Gardens hitherto inserted in his accounts are order'd to be kept under separate heads on the Books as the other Revenues.

The Company's Solicitor attending acquaints the Board he had deliver'd to the Mayor's Court on the 6<sup>th</sup>. 19<sup>th</sup>. and 30<sup>th</sup>. of May three several Injunctions from the Court of Appeals requiring them to issue a Warrant of Execution against the effects of Sunca Vencatachelum, Ball Chitty, Tomby Chitty, Mutavencatty Chitty and Tagapa Chitty for the sum of Eight thousand five hundred and seventy Nine Pagodas pursuant to a decree of the said Mayors Court dated the 14<sup>th</sup>. of June last past in favour of the honourable Company or to shew Cause to the contrary, that to the first of these they answer'd they wou'd take the Purport of it into consideration, to the second that they had made some progress therein, but that when he waited on them the 10<sup>th</sup>. Instant to know their resolution on the third injunction deliver'd to their Register the 30<sup>th</sup>. Past they told him they wou'd come to some determination about the Paper when they had duely consider'd it but that wou'd not be immediately.

Comps. Solicitor acquaints the Board with the answers of the Mayors Court to three injunctions sent them from the Court of Appeals.

The injunction from the court of Appeals which the said Mayor's Court are pleas'd in so contemptuous a manner to stile the paper, was then read and appear'd to be no more than an Order to issue a warrant of execution, or to shew cause to the contrary. Which command being very plain and express, and the only thing that can require consideration being whether they shou'd obey it or not. It seems odd that the Mayors Court shou'd want so much time as from the 6<sup>th</sup>. May to the 10<sup>th</sup>. June to determine what they wou'd do therein, much less can it be conceiv'd that they shou'd want yet further time to consider thereof, and therefore this board do unanimously agree in opinion that this answer from the Mayors Court is only an excuse with design to avoid a possitive refusal and of equal detriment to our honourable Employers as such refusal wou'd be.

Remarks on the conduct of the Mayors Court in the cause between the Company and Sunca Vencatachelum.

The unaccountable conduct of the leading Members of the Mayor's Court during this whole prosecution has in part been laid before our honourable Masters in our Letters by the last Shipping. Their dismissing the Bill against Sunca Vencatachilum and others for want of naming all the Partys, and giving sentence against the Company in favour of Sunca Vencatachilum, and others without naming all the partys. Their mixing two Decrees together in Order to deprive the Company of the benefit of one of them; their rejecting the Companys plea without suffering it to be argued, Their disobedience to a former Decree of the Court of Appeals; their presumption in pretending to receive Security for Costs of an Appeal to the King in Council when the Court of Appeals had declared the said Appeal irregular, these and some other steps in the carrying on this cause have been laid before the Company as well as some of the ill consequences of this Conduct such as dividing the minds of the Inhabitants making them in doubt where, or to whom their obedience is due destroying that influence over them without which it is impossible for the Government to sub sist or the Companys affairs to be carry'd on with any success. To these ill consequences must be added that since this cause has been in agitation Sunca Vencatachilum, He, whom these very Men till he became an open and avow'd Enemy to the Government treated as the vilest and most abominable oppressor on whom they charg'd almost all those proceedings in former times which have given but too just cause of Complaint as Contriv'd or executed by him or by his means, and who deserv'd the severest punishments our Law cou'd inflict, This Man thus branded by them is now so chang'd and become so just, so impartial an Umpire among the several Casts of the Inhabitants, that it has been the practice of the Court (at such times as they have thought fit to have any regard to the Customs of the Natives) to apply to him and they have as blindly comply'd with his decisions, as they have obstinately disobey'd the Commands of their Superiours. What justice the Chitty Cast might expect on

Ditto.

## —FORT ST. GEORGE, JUNE 1735—

such occasions need not be remark'd nor the General uneasiness the Inhabitants express at such influence. Nor need this Board expatiate more largely on the mischiefs arising from the extraordinary countenance, and favour shewn him after making this one remark more, that the disregard shown to the President and Council by the Inhabitants is nothing when compared with the contemptible figure we make in the Eyes of the Country Government, and the ill consequences to be apprehended therefrom since while they see a black fellow beard us in this manner they cannot avoid entertaining a very despicable Opinion of us, and will infallibly be led to think they also may reap some advantages from our Weakness.

After these remarks we should highly deserve the Censure of our Honourable Masters did we not endeavour to apply a remedie thereto. Therefore,

ORDER'd that the Solicitor do apply to the Court of Appeals to pray a Warrant of Execution may be granted by them for the amount of the said decree, and costs, And

Comp<sup>rs</sup>.  
Solicitor  
order'd to  
apply to the  
Court of  
Appeals for a  
warrant of  
execution  
&  
to prefer a  
complaint  
against the  
Mayor and  
Aldermen.

The conduct  
of Sunca  
Rama  
during his  
dispute with  
the Company  
consider'd.

That Pursuant to the directions in the Charter he do prefer a complaint to this Board against the Mayor and each of the Aldermen, for disobeying the Injunctions sent them from the Court of Appeals.

After which the President remark'd to the Board the conduct of Sunca Rama during the progress of this cause in the Mayor's Court, Arrogantly as well as insolently, defying the Company's Authority, and impudently preaching in the Black town, that as his friends in the Mayors Court had given their words to stand by him, he did not value any other Power. The President also reminded the Board of Sunca Rama's practices in relation to Chindadre Petta and the other uses he made of y<sup>e</sup>. liberty of coming into the White town extremely prejudicial to the Company's Affairs, and the English Government, for which alone the late President had it under consideration to prohibit him that Liberty and only forebore moving it in Council upon Account of the Cause he had with the Company, and that the wicked might have Suggested such prohibition proceeded only from Malice, and to hinder him from obtaining Justice. Add besides the Scandalous use he makes of his daily visits to the leading Members of the Court, which is so notorious and so Shamefull a prostitution of the justice of the place that ought not to be Suffer'd in any civil Government. For which reasons and to shew a proper and necessary resentment the President propos'd that Sunca Rama might now be forbid coming into the White Town without particular leave which was AGREED to.

He is forbid  
coming in to  
the White  
town.

Further  
regulations  
about  
Registering  
Houses  
agreed to.  
Do.

Then the Proceedings of last Consultation with regard to the Register of Houses being again revis'd were approv'd & the Board came to the following further Resolutions thereupon Viz<sup>t</sup>.

That there be but one Register kept for entering Conveyances of Lands, Houses and other hereditaments in this Town of Madrasspatnam and the villages thereunto belonging.

Do. That a Register be appointed by the President and Council who shall be Sworn and enter into a recognizance with two sufficient Sureties in the Sum of One thousand pagodas for the due performance of his office and in case of his Death that his Sureties act in his stead till another be Appointed.

—FORT ST. GEORGE, JUNE 1735—

Consent and motion and his confessing the same) shall sign the said Conveyance which shall be then carry'd to the Register, who shall enter the same in the manner above directed, and affix the Company's Seal thereto.

That the fees to be paid for the same be one Per Cent to the said Justices, and half ½ Cent to the Register, as also one fanam to the Choultry Talliars and one fanam to the Town Conicoply for each Conveyance and no more, provided that as the Houses in the White Town are many of 'em of considerable value no more shall be paid for registering any of those than five pagodas to the Justices, and Two Pagodas and a half to the Register.

If any Mortgage Bond so register'd shall be discharg'd the Partys shall come before the said Justices and on acknowledging satisfaction for the same the said Justices shall cancel the Bond, and the Register shall enter in the Margin Opposite to the entry of the Mortgage this Word—Discharg'd.

RESOLV'D that Mr. Nicolas Morse and Mr. Francis Rous two of the Justices of the peace certifie all such Conveyances, observing the rules before prescribed and that Mr. Ralph Mansel be Register on giving Security as above directed.

That notice be given at all the Gates and by beat of the Tom tom That all persons produce their titles to their Lands, houses &c. within Six months from this date for which all those whose titles are already Register'd and certify'd by any of the Justices shall pay no fees, And those whose titles have been already register'd in either the Choultry or Mayors Court but not certify'd shall pay only the fee due to the Justices, and such who have neither paid that duty nor register'd their titles at all, shall pay the full fees herein before establish'd and to prevent delay in the same, It is

No Ship can be sent to China this year.

Reasons for it.

Do.

The 12<sup>th</sup>. Paragraph of the Honourable Court of Directors Letter by the Godolphin being taken into Consideration, It was AGREED that no Ship can be sent to China this Year for the following reasons Viz<sup>t</sup>.

That it is now too late to provide a cargoe in time for her to proceed to China, and be back again early enough to go to Europe in the Season.

That if there was time yet there is no pepper and but little tin to be had and what there is will come out too dear to expect a profit from it in China, besides that the low prices which the Prince Augustus's Cargo sold for in China and the great rates paid for the returns purchas'd there for her sufficiently show that the Chinese know perfectly well how to make their advantage of the necessity of Quick dispatch in order for such Ships return to Europe the same Season.

Do.

That the Macao Ships have for these two years past imported such considerable Quantities of China Goods as makes it highly improbable there shou'd be a successfull Voyage made this season thither.

Capt. Steward to go to Bengall.

Silver by him to be kept uncoin'd.

Molings Kistna requests and is advanced money.

Beetle & Tobacco farm paid in.

Acct. Sale of Madagascar Stores &c. deliver'd in.

Company's Solicitor prefers a comp<sup>t</sup>. against the Mayor & Aldermen, and a separate charge against each of them.

Therefore ORDER'D that Captain Steward get ready to sail for Bengall, and the Silver by his Ship be kept uncoin'd in order to send upon him if the Beaufort doth not arrive before he's ready to go, that the Gentlemen in Bengall may be supply'd with treasure as soon as possible.

Molings Kistna having brought in Goods on Account his Contract to the amount of five thousand 5000 Pagodas, and praying that Sum may be advanced him it is AGREED to.

Ram Chundra pays into Cash eight hundred thirty three Pagodas, twelve fanams 833. 12 for one Month's Rent of the Beetle and Tobacco farm due the 5<sup>th</sup>. Instant.

William Monson Import Warehouse<sup>r</sup>. delivers in an Account Sale of the Madagascar stores and other old things remaining in the Warehouse as p<sup>p</sup> account enter'd after this Consultation.

M<sup>r</sup>. Savage the Company's Solicitor agreeable to an order of Consultation of the 11<sup>th</sup>. Ins<sup>t</sup>. attends the Board with a Complaint against the Mayor and Aldermen, and a separate Charge against each of them as enter'd after this Consultation which being read it was

—FORT ST. GEORGE, JUNE 1735—

ORDER'D that the Secy.~ signifie to the several Persons concern'd the receipt of such Charge and that they are appointed to attend on the first of July to make answer thereto.

Noties to be given thereof to the several parties.

The Mint Braminies, and Goldsmiths attending the Board again deliver in a petition as enter'd after this Consultation, complaining that by the reduction of the coinage in President Macrae's time they had suffer'd so much as to be oblig'd to sell and mortgage their Estates to clear their Ballances with the Company, and that they cannot undertake to coin the Silver now at the rate of One and a half  $\text{P}$  Cent least they shou'd not be able to clear their Accounts without running further in debt, and being at last reduced to Beggary, Upon which they were told we cou'd do no more for them than what we had promis'd last Consultation, and if they wou'd not engage to coin it at One and a half  $\text{P}$  Cent we must send it as it arriv'd down to Bengall, They wou'd give us no direct answer and so were dismiss'd.

Mint Braminy's by petition sett forth the hardships they must Suffer from the reducing the charge of Coinage. They are call'd upon to say directly whether they wou'd undertake it at that rate or not. They give no direct answer and are dismiss'd.

## —FORT ST. GEORGE, JUNE 1735—

TO THE HO<sup>N</sup>BLE RICHARD BENYON Esq<sup>r</sup>.

PRESIDENT & GOVERN<sup>r</sup>, &C. COUNCIL OF FORT ST. GEORGE.

The complaint of John Savage Solicitor to the United Company of Merchants of England trading to the East Indies in behalf of the said Company against John Saunders Esq<sup>r</sup>. Mayor of the town of Madrasspatnam, Hugh Naish, Holland Goddard, Robert Allen, Thomas Day, Thomas Appe<sup>[1]</sup>by and Edward Mitchell, Aldermen of the said Town, and now residing there

SHREWETH

That in the year One thousand Seven hundred and twenty nine the then President and Council of this place enter'd into a Contract with Sunca Vencata Chilum, Ball Chitty, Tomby Chitty, Muta Vencatty Chitty, and Tagapa Chitty for Seventeen hundred Bales of Callicoos to be deliver'd on or before the thirty first of January following under penalty of paying to the United Company of Merchants of England trading to the East Indies twenty  $\text{P}$  Cent for all Such Cloth as shou'd then be wanting of the said Seventeen hundred Bales and that Moodoo Ramah was concern'd with Sunca Vencatachilum and head of the house resident here though his name was not mention'd in the Contract.

That the said Merchants at the expiration of the term allow'd them by the said Contract had deliver'd very few goods and were indulg'd another year to bring in the remainder, that at the expiration of the Year 1730 there still remain'd half the Quantity contracted for undeliver'd, and the President and Council yet further indulg'd the said Merchants with another year, but were as ill requited for this indulgence as before; Sunca Vencatachilum, and Ball Chitty two of the Companys Merchants at last declaring they wou'd provide no more goods for the said Company, whereupon the President and Council demanded of them the penalty due on the remainder of their Contract but to no effect.

That the said Company were therefore oblig'd to prosecute the Said Sunca Vencatachilum, and Ball Chitty together with Moodu Ramah for recovery thereof and accordingly in the Month of November 1733 (till which time they had waited trying amicable measures to no purpose) they prefer'd their Bill against the said Sunca Vencatachilum, Ball Chitty and Moodu Ramah in the Ho<sup>n</sup>ble the Mayor's Court which Bill the said Court rejected because Moodurama's name was not to the Contract, though he had join'd in a petition with the other two to the President and Council acknowledging his concern therein, and praying to be excused from the Penalty incur'd by the breach thereof.

That another reason why the s<sup>d</sup>. Court dismiss'd the said Bill was that the rest of the contracted partys were not prosecuted for the penalty whereas since the prosecution was only for recovering of damages incur'd by their Breach of Contract, It was undoubtedly in the breast of the Sufferers to forgive whom they pleas'd though they demanded the proportion of Penalty from the rest.

That Sunca Vencatachilum, and Ball Chitty two of the said Merchants some months after preferring a Bill against the said Company, they put in a plea thereto, which plea the said Mayor's Court order'd to be filed, and it thereby became a part of the records of the said Court, but afterwards finding that by having filed the same, they had admitted the purport of it, and consequently the Bill must be dismiss'd, they did irregularly and illegally order the Register to take the same off the file again though neither the said Sunca Vencatachilum or Ball Chitty or their Attorney so much as requested the same and tho' the Companys Solicitor insisted that agreeable to the practice of all Courts, and to the Laws of England the said plea shou'd be allow'd or demurr'd to.

That the said Sunca Vencatachilum, and Bill [*sic*] Chitty immediately after rejecting the said Plea demanded Judgment to be given in the said Cause, but as complying therewith wou'd not have been so much to their advantage the Court

---

---

refus'd it in order that both Causes might be heard at once and one decree given therein that so the said Company might be debarr'd from the benefit of the decree which the said Court found themselves necessitated to give in their favour on the other cause.

That the complaint exhibited against the said Company was admitted by the said Mayors Court as a Cross Bill to the Complaint of the said Company though no Body Appeard as prosecutors but Suncavencatachilum and Ball Chitty, and consequently the rest of the Party's to the former Bill was not concern'd in the latter, yet so great was the partiality of the said Court that tho they had dismiss'd the Company's Bill which was exhibited against Suncavencatachilum, Ball Chitty and others because it did not mention the rest by name they admitted this Bill against the Company for damages sustain'd by Suncavencatachilum, and Ball Chitty and others without obliging them to say what others were damag'd and what others sued for relief which was done because without adding those words, and others they cou'd have no pretence to mix the two Causes together, and had they nam'd Tomby Chitty &c. the Court well knew the whole Quantity of the Cloth having been deliver'd either to Tomby Chitty or Suncavencatachilum, the dispute the proportions each of them receiv'd wou'd have lain between them, and have no way concern'd the Company. It was therefore necessary that Tomby Chittys name shou'd not be mention'd and yet that he shou'd be suppos'd a party to the Bill in order to make it of service to the said Suncavencatachilum and Ball Chitty and the said Court who had been so remarkably nice in favour of Suncavencatachilum and Ball Chitty as to dismiss the Companys Bill for not incerting every partys name, yet when it came to be Suncavencatachilum, and Ball Chitty's case, overlook'd all such Objections, and gave Sentence against the Company without saying on whose account they were condemn'd or in whose favour the money was to be paid to Suncavencatachilum, and Ball Chitty.

That the said Court refused to grant execution upon the first Cause though the Court of Appeals had declared that no appeal had ever been brought before them from the decree of the Mayors Court, and signify'd the same in writing to them. That the said Mayors Court have since refused to obey three different injunctions from the said Court of Appeals commanding and requiring them to issue such warrant, pretending a right to examine into such orders whereby they have acted contrary to the rules laid down in the Royal Charter, and have been guilty of a breach of their duty as Aldermen, to the great damage of the said Company, and the interruption of Justice, and for these things the said John Savage prays leave to refer the annex'd Charges against the said John Saunders, Hugh Naish, Holland Goddard, Robert Allen, Thomas Day, Thomas Appelby, Edward Mitchell.

A CHARGE exhibited to the President and Council of Fort S<sup>t</sup>. George against M<sup>r</sup>. Hugh Naish one of the Aldermen of the Town of Madrasspatnam by John Savage Solicitor to the United Company of Merchants of England trading to the East Indies—

For that in the year One thousand seven Hundred and thirty four the said Hugh Naish being Mayor of the said Town application was several times made to the Mayors Court by the said Company's Solicitor for a warrant of execution against the Effects of Suncavencatachilum, Ball Chitty, Tomby Chitty, Mutavencatty Chitty and Tagapa Chitty for the Sum of Eight thousand five hundred and Seventy nine Pagodas the amount of a decree given in the said Court on the 14<sup>th</sup>. of June in the same Year, but such warrant was refus'd on pretence that the decree aforesaid, was for the Sum of Eight thousand five hundred and Seventy nine Pagodas, twenty two fanams to be paid by the said Company to Suncavencatachilum and Ball Chitty in behalf of themselves, and others &c. notwithstanding that the said Solicitor deliver'd to the said Court a decree of the said Court of Appeals whereby it was expressly decreed that the one cause mention'd in the said Decree of the Mayor's Court cou'd have no relation to the other Cause in the said decree mention'd, and consequently they cou'd not be look'd upon as Cross Bills nor the decrees thereupon mix'd.

## —FORT ST. GEORGE, JUNE 1735—

That John Saunders Esq<sup>r</sup>. being since elected Mayor of the said Town, and the said Hugh Naish continueing an Alderman of the said Town the Court of Appeals did on the fifth of May last past issue a writ commanding the said Court to grant execution in the Sum of eight thousand five Hundred and Seventy Nine Pagodas agreeable to the decree of the said Mayor's Court or to shew cause to the contrary, which was not comply'd with, and the said Court of Appeals did thereupon on the 19<sup>th</sup>. of the said Month issue a Second writ to the same effect which also was not comply'd with, and the said Court of Appeals did again on the 29<sup>th</sup>. of May issue a third writ ordering such execution to go out but this was also disobey'd and no execution granted nor any cause shewn to the Contrary.

ALL which actings and doings of the said Hugh Naish tend greatly to the detriment and damage of the said United Company of Merchants of England trading to the East Indies, are contrary to the due administration of Justice, breaches of his duty as an Alderman of the Town of Madraspatnam, and against the rules prescribed in the Royal Charter. And the said John Savage therefore prays the said Hugh Naish may be Summon'd to answer for the same on a day to be appointed by your Honour &c. and that you will please to give such Sentence thereupon, as to your Honour &c. shall seem meet.

The above charge *Mutatis mutandis* was at the same time severally exhibited against.

PRESIDENT AND GOVERN<sup>r</sup>. &C. COUNCIL OF FORT ST. GEORGE.

THE PETITION OF THE MINT BRAMINYS, GOLDSMITHS AND GOLD WASHERS  
SUBSCRIBING HERETO

HUMELY SHEWETH

That from forty years since when the Company first began to coin their Silver here into Rupees they appointed for your Petitioners Ancestors 2 Rupees ₨ 100 who always took due care to carry on their Business well and paid the workman their due Cooley and deliver'd the Company's Silver justly back without any ballance remaining in their hands insomuch that in Governour Macrae's time orders were given that no Silver or Gold shou'd be carry'd out of this place to be coin'd at any other Mint by any Person whatever. Your Petitioners at the same time were given to understand that by this means there wou'd be twenty or thirty Lack of Rupees coin'd every year, and that in consideration of so large a Quantity on which there wou'd arise a great profit to your Petitioners who might well afford to deduct  $\frac{1}{2}$  ₨ Cent and only receive one and a half ₨ Cent on the Coinage and still your Petitioners wou'd be greater gainers than before which your petitioners did not, nor cou'd not consent to, So that the said Governour Macrae was very angry with your Petitioners, and the Silver was forceably deliver'd them to be coin'd at  $1\frac{1}{2}$  ₨ Cent by which your Petitioners suffer'd very great Loss, forced to Mortgage, and at last sell their Houses to pay of the Company's Ballance.

When Governour Pitt came to this Governm<sup>t</sup>. there was free Liberty for any one to carry out their Silver and Gold to coin it where they pleas'd, your petitioners then drew up a representation of their Case, and laid it before the Governour and Council who were pleas'd to restore to them the former allowance of 2 Rupees ₨ 100, from which time they have carry'd on their business justly, without keeping any Ballance in their hands.

— FORT ST. GEORGE, JUNE 1735 —

Your honour &c. are now pleas'd to acquaint us that the Hon'ble Company have sent orders from England to reduce our Custom of Coinage, and upon our representing the Case as above Sett forth were pleas'd to promise us to write to the Company fully upon it, and directed us to receive the Silver, and coin it upon the terms they now propose. Your petitioners wou'd gladly obey your honour &c's orders in every thing but shou'd they receive the Silver in this manner they certainly will become the Companys Debtors, and not be able to pay back their just Quantity of Rupees, when your petitioners will be liable to be thought Thieves, and unworthy of your employments which under the favour and protection of the Hon'ble Company they have now held for many years, in consideration of which, and your Petitioners great family's who must by this means be reduced to beggary, your Petitioners pray your Honour &c's. continue to them their antient allowance of 2 Rupees @ 100 according to Sallabad, and

Your Petitioners as in duty bound  
shall ever pray &c's.

Offers for  
renting the  
villages

The President acquaints the Board that agreeable to the resolution of last Consultation he had receiv'd proposals from two persons by name Mannapaucum Chintomby, and Pegue Nella Chitty for Renting Egmore &c. Villages, but that they made many difficulties on account of the tanks being so extremely out of repair and it was as much as he cou'd do to bring them to give the same Rent as the last farmer on prolonging the Lease two years more than the last, they alledging that they had as exactly as possible calculated the expence of repairing the said Tanks &c. which wou'd stand them in at least a thousand Pagodas to put them into the good order they ought to be.

Accepted.

The Board being sensible that the Tanks fences &c. are much out of order and that it will be a very considerable Expence to put them into a thorough repair consented to the terms proposed on the said Mannapaucum Chintomby and Pegu Nella Chittys engaging to perform that work, and order'd a Cowle to be drawn out accordingly. But,

Cowle to be  
drawn out.

Reasons  
urg'd by  
the old  
renters for  
notcomplying  
with the  
terms of the  
old Cowle.

It being a term of the last Cowle that the Renters shou'd keep the Hedges, fences, Ditches &c. well and Sufficiently Scoured, and repair'd and at the expiration of the Lease shou'd deliver them up in the same condition, the Executors of Poncala Kistna were call'd upon for the same and in excuse urged that there is also another Clause in the said Cowle that in case of a great Drought so that the Tanks fail and for want of water the said Renters are not able to manure their Grounds the Company will on

—FORT ST. GEORGE, JULY 1735—

due proof allow such deduction in the Rent as they shall make appear they are Sufferers thereby. That this Board cannot but be Sensible there has been for several Years past a great drought and famine that they have not been able to manure their Grounds, and that their Inhabitants and People have been oblig'd to seek a Livelyhood in other places, that nevertheless they have paid the full Rent specify'd by the Cowle when they had so just a Claim to an abatement, and that they therefore hoped the not repairing the Tanks, which had they done wou'd have been a Considerable addition to their Losses already sustain'd will not be imputed to them as a breach of their Cowle, but putt in the Ballance against the severe Drought and famine they have so long Labour'd under to their apparent great Loss, and detriment.

Which defence of theirs the Board thought very reasonable and allow'd of.

John Saunders Esq<sup>r</sup>. Mayor and the several Aldermen attending deliver'd in a joint and separate Answer and demur to the complaints exhibited against them by the Company's Solicitor, which was read as enter'd after this Consultation, but the further prosecution of this affair defer'd till another opportunity.

The President acquaints the Board that with a good deal of trouble and some hard words he had prevail'd upon the Mint people to promise they wou'd coin the Silver at one and a half  $\text{p}$  Cent till the Companys further Pleasure shall be known but he wish'd there might not be a necessity to use rougher means with them to get the Ballance out of their hands that we know was not Effected last Year without some difficulty. M<sup>r</sup>. Johson the Assay Master was directed to have a carefull Eye over the Minters, and then the Board agreed to coin as many Chests as might amount to about half the Quantity design'd for the Bay.

TO THE HOÑBLE RICHARD BENYON Esq<sup>r</sup>.

PRESIDENT & GOVERN<sup>r</sup> & C. COUNCIL OF FORT S<sup>t</sup>. GEORGE.

HOÑBLE SIR & SIRS

Having had under my care 15 Soldiers brought over in the Ship Beaufort Richard Boulton Comander, desire Your Orders for such Head Money to be paid as is usual for the same. I am

Yours Hon<sup>r</sup>. &c. most Obed<sup>t</sup>.

Humble Serv<sup>t</sup>. to Command,

JUNE 31<sup>st</sup>. [sic] 1735.

The Joint and Seperate Demur and Answer of John Saunders Esq<sup>r</sup>. Mayor of Madrasspatnam, Hugh Naish Esq<sup>r</sup>. late Mayor of this place, Holland Goddard, Robert Allen, Thomas Appleby, Thomas Day and Edward Mitchel, being all the residing Aldermen of the said Town to a Charge exhibited against each of them to Richard Benyon Esq<sup>r</sup>. President, Randall Fowke, Aug<sup>r</sup>. Burton, Nic<sup>s</sup>. Morse, Francis Rous, William Monson & George Torriano Esq<sup>r</sup>. Councillors of Fort S<sup>t</sup>. George by M<sup>r</sup>. John Savage Solicitor to and in behalf of the United Company of Merchants of England trading to the East Indies the 16<sup>th</sup>. June 1735.

## —FORT ST. GEORGE, JULY 1735—

These Respondents saving to themselves all Benefit of Exception to the errors, and imperfections in the said charge contain'd also saving to themselves all rights privileges, and immunities belonging to them, and each of them as Mayor and Aldermen of Madrasspatnam and Judges of a court of Record created by the name of the Mayors Court of Madrasspatnam by protestation not confessing or acknowledging all or any of the matters or things in the said Charge contain'd to be true in such manner and form as therein, and thereby sett forth, the scope of the said Seperate Charges being as against each of these Respondents for a breach of Duty as one of the Aldermen of the said Town is refusing to obey the writs sent to the Mayor and Aldermen of the said Town for issuing a warrant of execution against the effects of Sunvencatachilum, Baal Chitty, Tomby Chitty, Moota Vencatty Chitty, and Tagapa Chitty, for the sum of Eight thousand five Hundred and Seventy Nine Pagodas with Costs of Suit to be paid to the said Company or to shew cause to the contrary for Demur thereunto say.

Because the Charge is against each of these Respondents being an Alderman of the said Town and not as being a Judge of the said Court of Record which Offices being two distinct offices and Dutys the one cannot be responsible for the other because first the charter constitutes a Corporation consisting of a Mayor and Nine Aldermen, and Secondly by another distant Clause the Mayor and Alderman are as it were afresh created a Court of record. In like manner the Oath of an Alderman is compos'd of three parts and consequently three dutys, first Allegiance to the King, secondly the Duty as an Alderman of the corporation & thirdly the Duty as a Judge of the said Court. The duty of an Alderman as these Respondents conceive is peremptory and determinative requiring his best service in behalf of the Body Politick and conformity to the rules and regulations of the Major part of the said Body, inconsideration of which Services and conformity he as an alderman may, and does enjoy certain Franchises, and privileges. The duty of a Judge is not peremptory or requiring conformity but leaves him to judge and act in Law and equity according to the dictates of his own conscience and judgment conceiv'd and believ'd, and thereupon the Judge receives not, nor can claim any Franchises, and privileges but a General exemption from Prosecution as judge except in Parliament. Wherefore these Respondents conceive a Breach of duty as an Aldermen, nor that of an Alderman be imputed a breach of duty as a Judge, so in a similar case, a breach of duty in one of the Council here present as a Companys Councillor, and Servant in their Mercantile Affairs cannot be imputed to him as a Breach of his Oath, and duty as a judge of the Court of Appeals or as a justice of the Peace or as a Justice of Sessions which four dutys and offices are in nature distinct though the same charter ordains that he that is of Council, or the Companys Trade shall be a Judge of the Court of Appeals, and by a new creation Ordain'd that he (being one of the five Seniors) shall be a Justice of the Peace, and again a Justice of Sessions which four dutys and offices require different Oaths, Talents, Capacities, and Circumstances, for as much as an action in the one capacity may be highly criminal tho not so in the other, or may be criminal in conjunction tho not so when consider'd singly and seperately when possibly it may not be in the Power of Man to alter the Case.

LETTER  
FEBRY  
1730/1.

In Alderman Barrington's case the said Company say, "That his charge was "not founded on any offence or misdemeanour in that (his Aldermans) office, but is "as he (Barington) objects properly for a breach of Covenants only, and therefore he "shou'd have been prosecuted and pursued upon, and by virtue of the Covenants only "and the Charge upon him for breach of Covenants shou'd not have been connected "with any charge upon him in respect to his office of Alderman, the contrary to which "haveing been done has render'd the reasons he has offer'd for himself very weighty.

A very obvious alteration will make these words express the present case thus." The charge against these Respondents is not founded on any offence or misdemeanour in the office of Alderman, but is as a Breach of duty as a judge only, and therefore these Respondents shou'd be prosecuted and pursued upon and by virtue of their Oath and duty as Judges only (if at all prosecutable) and the charge of

## —FORT ST. GEORGE, JULY 1735—

the Respondents for Breach of Duty as Judges shou'd not be connected with any Charge upon them, in respect to their office of Alderman, the Contrary to which having been done has render'd the reasons the Respondents have to offer to themselves very weighty.

Because the Charter permits the President and Council to remove an Alderman upon reasonable Cause namely, "The committing some offence against this Oath and to the prejudice of the Body into which he's incorporated," the which is not charged in the complaint.

Because neither he the said John Saunders Esq<sup>r</sup>, Hugh Naish, Holland Goddard, Robert Allen, Thomas Appleby, Thomas Day or Edward Mitchel can in their seperate and distinct capacities, Estates, Rights & Personages to be responsible for the act or omission of a joint Body of men.

The act requir'd to be done was to grant or award a writ of execution which ought not or cannot solely be awarded by any one judge But must be an act of a Court of Record and under the Broad seal of the said Court as appears by the Tenor of the writs execution wherein is always indispensibly and efficaciously affirm'd that the "Court doth award Execution under the seal of the said Court and under the hands and seals of the two Judges of the Mayors court", Whereof the Mayor and Senior Alderman must essentially be one. Thus the order of court and that alone gives motion to the Seal, and the Seal of the court gives Life and Vigour to the writ, which Seal symbolically expresses the act and authority of the incorporated Body, by which all the Judges then, and there acting are as one natural Body, and therefore cannot be disjointed or sevr'd as by the said Charges the Members are disjointed and sevr'd.

Because the suppos'd act charged must have been done in open Court and by Judges of a Court of Record "Whom the Law and reason has exempted and forced from all prosecutions whatsoever except in Parliament for any thing done by them openly in such Court as Judges. To whom it belongs especially to judge what is a reasonable [Time], Custom, fine &c<sup>a</sup>.

Because the President and Council constituting the Court whereto these respondents are summon'd, and now Setting in judgment are partys concern'd and Interested in the Event, and decission to be had upon the Charge Viz<sup>t</sup>.

First in that the said Randall Fowke, Aug<sup>r</sup> Burton and Nicolas Morse Esq<sup>rs</sup>. in Association with others then of Council as Agents, and Representatives of the Company Plaintiffs in the charge did enter into and conclude the original Contract with the said Sunca Vencatachilum, Baal Chitty, Tomby Chitty Mutavencatty Chitty and Tagappa Chitty for Breach of which Contract the execution demanded is founded the refusal whereof the Respondents are now charg'd with.

Secondly in that the said Richard Benyon Esq<sup>r</sup>. President, Randall Fowke, Aug<sup>r</sup>. Burton, Nicolas Morse, Francis Rous & William Monson, in association with George Morton Pitt, and John Roach Esq<sup>r</sup>. as Council, Agents and representatives of the said Company Plaintiffs in the charge were prosecutors, soliciting defending and maintaining the Cause and action and whereon is founded the present demanded execution, the refusal whereof these Respondents are charg'd with.

Thirdly in that the said George Torriano Esq<sup>r</sup>. was lately Solicitor, and by the said Richard Benyon Esq<sup>r</sup>. President, Randall Fowke, Augustus Burton, Nicolas Morse, Francis Rous, William Monson Esq<sup>r</sup>. as Council Agents and Representatives for the said Company now plaintiffs in the charge was retain'd, and for an [*sic*] in behalf of the plaintiffs in the charge did solicit defend and maintain the cause and action whereon is founded the present demanded execution, the refusal whereof these Respondents are charg'd with.

Fourthly in that the said Richard Benyon Esq<sup>r</sup>. President, Randall Fowke, Aug<sup>r</sup>. Burton, Nicolas Morse, Francis Rous, William Monson, and George Torriano Esq<sup>rs</sup>, and no others did set as President and Council, and individually did constitute the Court of Appeals from whence the said writs demanding Execution did proceed. For each and every of the aforesaid reason these respondents do conceive the said

## —FORT ST. GEORGE, JULY 1735—

Richard Benyon Esq<sup>r</sup>. President and Council and no others constituting the Court where-to these Respondents are Summon'd, and now setting in Judgment on the Merits of the Charges exhibited against all and each of these Respondents are Partys concern'd and interested in the event, and decission thereof as well in regard to the Stations they bear in the said Company's Service as also in regard to the Power and jurisdiction of the said Court of Appeals to which they wou'd now command and enforce obedience and consequently cannot in Law and equity sett in Judgment on the Merits of said Charges altho' otherwise the same might come regularly before them seeing Mr. Wood in his Institutes says "The King himself cannot judge in his own cause," and the said Company in the case of Robert Addams Esq<sup>r</sup>. by their Council and Solicitor in England do inform us "That whenever the Judges are Interested in the matter is [*sic*] question it is just and fit that such persons withdraw from the Bench. And if it shou'd so happen that so many of the Judges are party's in the cause as that on that account there is not a competent Number of disinterested Judges left to decide the contraverry, such contraverry ought to be left, and reserved to be determin'd in Westminster Hall.

Because the Books, and Autoritys sent from England do plainly urge "That in default of compliance in the Judges of an inferiour Court with the writs of execution from the Superiour Court an attachment ought to be taken out against the Judges at the Suit of the King, and the Party returnable into the Court of Kings Bench which Court only may regularly examine all and all manner of Errors in fact and in Law of all Judges and Justices in their Judgements, processes, and proceedings in Courts of record, not only in pleas of the Crown but in all pleas real, personal and mix'd.

Thus far these Respondents have demur'd unto the Charges exhibited against each of them thereby saving, and reserving unto these Respondents as above Sav'd and reserv'd, and for the more ready conclusion of this affair have annex'd the extracts at large whence they derive and hope to Support the same.

And in default thereof these Respondents for Answer thereunto do add, and say as hereafter is said by the Records of the Mayors Court which these Respondents pray may be accepted as their Answer, copy whereof is hereto annex'd from the 2<sup>d</sup>. December 1734 to the 16<sup>th</sup>. June 1735 the date of the said Company's Charges "which Records in the words of Serjeant Hawkins being the memorials of the Judges are of such uncontrollable credit that they do admit of no proof to the contrary in so much that they are to be try'd only by themselves, and by which these Respondents ought to be judg'd." And accordingly these Respondents do and will thereby abide, and pray that these Respondents may be hence dismiss'd with reasonable costs, and charges in this behalf most wrongfully Sustain'd. Seal'd with the Seal of the Court dated at the Mayors Court of Madrasspatnam July the first 1735.

EXTRACTS referr'd to in the preceeding Demur.

If the Defendants acted only as Jurors in a Criminal matter or as Judges in open Court there is no ground for prosecution, Judges of Courts of Record are exempted from all prosecutions whatsoever as Judges, except in Parliament, See the Habeus Corpus Act 31<sup>st</sup>. The Rolls being the memorials of the Judges are of such uncontrollable Credit, that they admit of no proof to the contrary insomuch that they are to be try'd only by themselves.

A Judge is a person appointed by Publick Authority with Jurisdiction to him it belongs especially to Judge what is a reasonable time, Custom, Fine &c. and not to a Jury. He cannot be excepted against or challeng'd or regularly have an action brought against him for what he doth as judge, but he ought not to judge in his own cause except in case of necessity.

Ditto 448.

The Law hath also freed the Judges of all Courts of record from all prosecution whatsoever except in parliament for any thing done by them openly in such Courts as Judges.

1st. H.P.  
par. 192  
S. 6.

Yet if there be no extraordinary circumstances of any such delay to bring a judge under a reasonable suspicion of corruption it seems the more usual method to take out a writ to such Judge commanding him to do the thing, of the delay whereof you complain, and if such writ be not obey'd to take out an *Alias* and *Pluries* or to take out an *Alias & Pluries* together with the first writ, and thereupon if the Judge refuse to comply to take out an attachment against him at the suit of the King and of the party which may either be returnable into the Court of K. B or at the party's Election into the Court of Common pleas except in some Special cases, and this seems to be the proper remedy to compel the Lord of a manner to hold a Court for determining a writ of right patent or a writ of Right close, or to compel a Judge of any inferior Court whether of record or not to proceed in a plea or to give Judgement or to award execution.

2d. H.P. 150  
S. 27.

*Executione Judicii* is a writ directed to a Judge of an Inferiour Court to do execution on a Judgment therein or to return some reasonable cause wherefore he delays the execution F. N. B 20 if execution be not done on the first writ an *Alias* shall issue and a *pluries* with this cause (*velcausam nobis Significes Quare &c.*) and if upon this writ Execution be not done the execution returnable in BR & BC (new NB 43) If the Judgment be in a Court of Record this writ shall be directed to the Justices of Court where the Judgment was given and not unto the Officer of the Court for if the Officer will not execute the writs of the Court nor return them as he ought the Judges of the Court may amerce them.

Jacobs D.

But as You the Governour and Council and the Mayors Court are distinct Courts of Record Your Judgment & theirs are to govern you, and them notwithstanding anything we now say or shall say by your own Judgment and theirs, you and they are to stand and fall therefore we do not dictate but send our Opinions, and advice only.

That it is our opinion when any of the Judges either of the Mayor's Court or Court of Appeals are interested in the matter in question it is just and fit that such persons withdraw from the Bench; and the rest of the Judges before whom the cause is heard shou'd take more than ordinary care to do equal Justice least any imputation, and reflection fall upon them as having been partial to, and favourites of their fellow Judges.

Ditto P. 15.

And if it shou'd happen that so many of the Judges of either Court are parties in the cause as that on that Account there is not a competent Number of disinterested Judges left to decide the contraversy such contraversy ought in our Opinion either to be left to arbitration, or reserv'd to be determin'd in Westminster Hall.

General Letter N<sup>o</sup>. 62 from the Chief and Council at Vizagapatam dated the 11<sup>th</sup>. June Complaining of disappointments in the Investment, and giving an Account of their Revenues, and Buildings.

Directions to

their  
Investment  
&  
Cuddalore  
not being a  
proper place  
to keep

they are  
directed to  
make the  
powder  
Godown in  
the Port fit  
for that use.

AGREED to write to Fort St. David to take as little of the Long Cloth ordinary as they can, and provide as much of the Salem as possible also that they do not take in a greater proportion of Blue Cloth than they receive white since our Honourable Masters have indented for only five thousand peices this Year, whereas their Contract is for ten thousand. And as Cuddalore is by no means a proper place to keep their Store of Gun powder, since in any emergency the communication between that place and the fort may easily be cut off it is agreed not to lay out any Money for repairing the powder Godown there but to direct them to make that in the Fort fit for use.

Difficultys  
in the  
investment at  
Vizagapatam  
on Acot, the  
abatement on  
the short  
cloth.  
Encourage-  
ment  
promis'd  
them.

The difficultys repeated in all the Vizagapatam Letters since our late abatement in the price of the Short cloth with which the Investment there is clogg'd making it necessary to give some encouragement in order to prevent an intire stop there. It is therefore agreed to write thither to tell them how just the said abatement was, that we expect they will have overcome those difficultys, but that if they do still Subsist that they have our promise (in order to encourage their diligence) to be consider'd in the goodness of the Cloth they provide.

Then the Board taking into consideration the purport of several paragraphs in the General Letter by the Prince of Orange the following resolutions were made in obedience to the 9<sup>th</sup>. 21<sup>st</sup>. and 55<sup>th</sup>. Viz<sup>t</sup>.

Intt. on

No dispatches

Boulton.

That Captain Boulton have notice that we have no disptaches to give him, and that he may proceed to the Bay when he pleases.

Remarks on  
the present  
to be sent to  
Arcot.

After which the President laid before the Board the particulars of the presents design'd for the Court at Arcot that had been delay'd till this time for several reasons that wou'd be more tedious than necessary to recite. But what he particularly offer'd to the observation of the Board was the number and value of the presents. For though that to the Nabob is no more than usual yet those to the others are new and for which the Precedents are very rare. The last Nabob wou'd very seldom suffer

—FORT ST. GEORGE, JULY 1735—

any but himself to send a Seerpaw whereas in February last Sunta Sahib, Subderally Sahib, Jehore cawn, and Emaum Sahib had all of them taken upon them to send distinct Seerpaws to the President which proceeded in some measure from the situation of Affairs at Arcot and had also made a return necessary and unavoidable; for the present Nabob has for some time past devoted himself chiefly to a religious Life, and left the management of Affairs to those who wou'd struggle for it, a conduct that has occasion'd very violent contests between Sunta Sahib, and Subderally Sahib in one of which the Nabob himself was oblig'd to fly from Arcot. The contention between the two Brothers had also occasion'd an alteration in the Interest of the ministers, and Coop Chund is again come into power, and a considerable influence in the affairs at Arcot, for which reason the President had been advised, when he was sending up the other presents to take some notice also of Coop Chund tho he had receiv'd no Seerpaw from him, The French and Dutch have also been very liberal this Year with their presents to Arcot particularly upon the marriage of Hassanally Caune; an Expence that has been saved to our Company it not being the practice of the Durbar to make a present upon any particular occasion before a return has been made for the Seerpaws which also was another reason why the President was not in hast to remove the other difficultys which had so long kept him from sending these. The board being satisfied of the necessity of making these Presents approv'd the List which is enter'd after this consultation, and we hope our Honourable Masters will be perswaded it has not been in our power to be better Husbands upon this occasion.

List of it  
approv'd.

Dispatch of the Europe Ships consider'd. Prince of Orange order'd to be got ready to proceed to Europe, Bengal goods aboard her to be sent ashore here.

Then the 6<sup>th</sup>. and 13<sup>th</sup>. Paragraphs of the Letter of the 29<sup>th</sup>. November 1734 from the Honourable Company being consider'd it was resolv'd in consideration that the Gentlemen in Bengall are so greatly streightn'd for Money to send all this Year receiv'd from England down to them excepting only fifteen thousand pillar Dollars which are order'd to be reserv'd in the room of so many put on board the Madrass Galley at Fort St. David in October last & that we endeavour to procure Silver for the Richmond when our Bussora, and Mocha Ships arrive because detaining such a Quantity of Silver from the Bay will be a certain Charge of one  $\text{P}^{\text{d}}$  Cent  $\text{P}^{\text{d}}$  Month on so much as we detain for eight or nine Months.

All the Silver rec<sup>d</sup>. from England this year to be sent to the Bay except 15000 Dollars.

Terwaddee a Guzzarat attending represents to the Board that he had been summon'd to answer on oath before the Mayors Court as a wittness in a cause there depending, and on refusal to take an Oath, had been fin'd by the Court though he represented to 'em that it was contrary to the Custom of the Guzzarats ever to take an Oath and pray'd to be reliev'd therefrom by this Board.

Terwaddee, a Guzzarat prays to be reliev'd from a fine laid on him by the Mayors Court.

## —FORT ST. GEORGE, JULY 1735.—

The Nature of  
his request  
consider'd.

Whereupon the Board rememb'ring that in the year 1730/1 all the principal Guzzarats were summon'd on a jury, and submitted to a fine for nonappearance on account of this very thing, and that thô the fine was for that time levied yet the sheriff and all who have since succeeded in that office were caution'd never to return any more of that Cast, that so neither they shou'd be forced to an action against their Laws on the one side, nor the Authority of the Courts of Justice lessen'd by their not being punish'd for their disobedience on the other.. It was agreed to have been long since settled

The fine  
remitted him  
&

That the Guzzarats ought not to be compel'd to take an Oath since it is contrary to the known Rules of their Casts, and the Honourable Company having directed us to remit such fines laid by the Mayors Court as seem to carry with 'em more than ordinary Security, IT IS AGREED that the fine on Terwadee be remitted.

those laid on  
the Sheriff by  
that Court.

And the said Court having (notwithstanding the decree of the Court of Appeals of the 26<sup>th</sup>. May last whereby the Sheriff was clear'd from the fine of four pounds impos'd on him by the said Mayors Court on occasion of a charge made by him in an account of sales deliver'd into that Court of a fee paid to the Justices for certifying, and registering a Bill of Sale on a house) every Court day since that time doubled that fine on him. He therefore likewise apply'd to the Board praying to be once for all declared free from the said fine since he had in this affair acted in exact conformity to the rules of the Honourable Company, and this board, and had also been clear'd by the Court of Appeals on making the same appear to them, which request appearing reasonable, It is AGREED that all the fines impos'd on him by the Mayors court on account of the Charge of one ₧ C<sup>a</sup>. to the Justices for certifying Bills of Sale be, and they are hereby remitted him.

In this Letter they tell us they are apprehensive their Merchants will fall short of the Quantity of Cloth, Contracted for, and

General  
 Letter from  
 Fort St.  
 David read.

They having frequently represented the uneasiness of their Merchants lest they shou'd be Sufferers by the Contract to which alone these apprehensions of the Deputy Governour, and Council are to be attributed, It was consider'd whether we ought to grant any further indulgence to them or not, and upon the debate it was agreed that since the troubles about Ingeram give us but small hopes of any considerable quantity of Cloth from thence, that the bringing back the Vizagapatam investment to it's just Standard, and turning out the short measure cloth will also greatly lessen the Number of Bales expected from thence. It is highly necessary to promote as much as possible the providing Cloth here and to the Southward, therefore since our Honourable Masters are pleas'd in the 17<sup>th</sup>. Parag<sup>b</sup>. of their Letter 31<sup>st</sup>. Jañry 1734 to allow us in case of real necessity to advance the prices, It is RESOLVED to write to Fort St. David and permit the Deputy Governour and Council to consider their Merchants in case of a Loss but under the same Restriction as the Honourable Court of Directors have us'd to us Viz<sup>t</sup>. only in case of absolute necessity.

 A conditional  
 indulgence  
 agreed on.

But there being also some reason for the Merchants apprehensions besides the price of Cloth in the Country to wit the too strict sorting of the last parcel rec<sup>d</sup>. from thence by the George, It is AGREED to tell the Deputy Governour, and Council in this Letter That it is far from the Intention of our Honourable Masters or of us when we complain of carelessness in sorting to lead them into the other extrem but what is thereby aim'd at is only to engage them to observe and keep as near as possible to the Musters by which our Contracts are made.

After which the Board took into consideration the Affair of the M. M. and the Consultation of the 5<sup>th</sup>. September 1730, they made the following remarks.

That the first considerable complaint in M<sup>r</sup>. Macraes time proceeded from a Quantity of Pagodas imported from China part as it is said by M<sup>r</sup>. Hugh Cambell, and part from Pondicherry they were of the Negapatam stamp but a Baser Alloy, and so nicely imitated that a great number were mix'd among the Curr<sup>t</sup>. money before the Shroffs discover'd them.

That the success the introducers of the China pagodas met with possibly gave encouragement to attempts for bringing in other bad pagodas of the sorts which were usually current, but however this Board are of Opinion that the Government took all the Care to prevent the evil that was usual, or cou'd then be thought of upon such an occasion.

That it is not new or unusual upon accidents of this Sort to magnifie the Inconveniences beyond the truth and to censure the Government for want of care or somewhat worse. At the time when the Company had upwards of four Hundred thousand pagodas in Cash the greatest Sum that ever was known at one time, and more than it is to be hop'd they will ever have again it was Suggested there was a considerable quantity of Bad money mix'd among it that they wou'd be sufferers by when it was Issued out. Perhaps also it was insinuated that somebody had, or was to be a gainer by it, but it appears beyond all contradiction the Company were discharg'd of the whole of that vast Sum without the loss of one pagoda.

## —FORT ST. GEORGE, JULY 1735—

Those Suggestions it is to be believ'd gave occasion to the direction in the 43 and 44<sup>th</sup>. paragraphs of the Company's Letter dated 23<sup>d</sup>. January 1729 to coin a new pagoda here of the Negapatam fineness, and though it was in some sort left to the discretion of the President and Council yet when such reasons were given by the Company it might be thought unsafe not to make trial of a new coinage, and to prevent all suggestion that it was omitted for private views.

The reasons given for coining the M. M. Pag<sup>a</sup>. are enter'd at large in the Consultation of the 5<sup>th</sup>. Septem<sup>r</sup>. 1730 but the experience of upwards of four Years are convincing that those pagodas have occasion'd much greater inconveniencys than those which it was intended to prevent. Such has been the effect of popular clamour and the suggestions of wick'd Men.

It was hoped when the M. M. Pagodas were first coin'd they wou'd before now have been Curr<sup>t</sup>. not only in all Branches of the Company's Business but likewise in all other payments and Receipts, the experience of more than four Years has convinced us of the falacy of that Notion, and that they are no more Curr<sup>t</sup>. now than they were the first day they were coin'd. The reasons of which are obvious and are as follows. There is a perpetual Circulation of the Currant Money between this place and the Country. None of it Centers here, nor are the Pagodas exported by Sea to any Country where the intrinsick value of the Gold is consider'd.

The rents of the Province, and all other payments into the Nabobs Treasury are paid in a pagoda coin'd different from all the rest which yet the Nabob has not aim'd at making currant because he wou'd reap the advantage of a double coinage. It is easy to conceive his influence without interfering with his power will in a great measure govern the Currency of any particular coin, and it wou'd be a fruitless attempt for any European Settlement to force the currency of any coin without the Nabobs concurrence a thing that is neither to be hoped or expected where it interferes with, or is prejudicial to his Interest.

It is further to be remark'd here that before the country Government tasted the sweets of coining the Money the pagodas generally currant were the Tavenapatam Pogoda coin'd at Fort St. David, the Allumgeer pagoda coin'd here, the Pullicat and Negapatam pagodas. The three first are not now met with in any of our payments and Receipts, and the Negapatam are very scarce and when wanted to send to the Southward bear a Batty equal to the M. M. pagodas, But at other times those as well as the M. M. pagodas are consider'd by the Shroffs only as so much Gold bought by them as such, and coin'd into the Old Madrass pagoda, or else into the Allumbrum, St. Thomé or Trivlore pagodas, these three last being now the Curr<sup>t</sup>. Coin which prevails in the country, doubtless fix'd at the Standard they are now, and coin'd in the Country Mints with intention to destroy the Mints in the European Settlements, which purpose has been effected without the use of any other means than that influence which is natural to every Government where first or last all the coin of the province centers. The advantage of the coinage has been of late years so considerable a Revenue to the Nabob that he is very quick to take notice of every thing that might seem to affect it, accordingly we find upon the first coining of the M. M. pagoda, it immediately rais'd his resentm<sup>t</sup>. and that he afterwards acquiesced was perhaps more from the knowledge that it wou'd be no prejudice to his Mints, and that sooner or later he shou'd have the coining of those very Pagodas, than that he was satisfied with the reasons which were then given to support it. In short it is without reason the Europeans value themselves upon having obtain'd the priviledge of Mints because those coins which they had a grant for are not now currant, and therefore the charge of coinage is a dead Loss to them. This was lately the case of the Dutch at Pullicat who imported a quantity of silver there, and coin'd it into Rupees which were no sooner deliver'd out of their Mint but they were bought by the Shroffs as Silver of such a fineness & carry'd directly into the St. Thomé Mint to be recoin'd into the Arcot Rupees. The same wou'd be the case of our Madrass Rupees, and to

— FORT ST. GEORGE, JULY 1735 —

Export to Bengall there is not a Merchant (that is to say a Pattan Merchant) wou'd give us any thing more for them than he wou'd for the Arcot Rupees notwithstanding there is so great a difference in the intrinsick value.

These remarks the Board thought necessary to premise as well to show how useless our Mints must be as to prove what we have further to add of the M. M. Pagoda. It has been already said they are not curr<sup>t</sup>. out of the Companys Cash Chest, when any therefore are wanted to make payments to the Company if there be no other Gold to be bought the Curr<sup>t</sup>. pagodas of the Country must be coin'd into M. M. and is what occasions the Batty or Agio, when they are issued out again the shroffs take them at their own rates, sometimes they have been under parr, but generally the Shroffs will take them as currant to recoin again into the Currant Money, and tho it cannot be supposed the charge of coinage does amount to the Batta yet when the difference is consider'd it will not be thought a great deal for the Shroffs trouble, and Interest of his Money. The Company's Merchants have been often Loosers by receiving the M. M. Pagodas, for hoping there might be some demand for them to be paid into the Company's Cash they pawn'd them to the Shroffs, and the Interest of the Money has exceeded the Batta.

It must indeed be confess'd the Company are Gainers about One thousand pagodas  $\text{₹}$  Annum sometimes more sometimes less according to the Quantity of Mad<sup>r</sup>. Pagodas that are wanted for the Northern Settlements, the M. M. pagodas being better, and nearer the Madrass Stancard than the Curr<sup>t</sup>. pagoda, but then the inconvenience and loss to the Company in other respects does far exceed all advantages which they have or can hereafter have by them. Whoever buys the Company's goods either at Outcry or otherwise considers the sort of money he is to pay for them with, and the batty it will cost him, and bids accordingly. Yet the Company do not buy their Goods cheaper by paying the same Money, for whoever receives it of them receives it as Currant because before it can be so it must be recoin'd again, the charge of which with In<sup>t</sup>. and the Shroffs trouble is reckon'd to amount to the former Batta. There is also an entire loss of two and a half to three  $\text{₹}$  Cent Batta to all persons who remit by Exchange to England, and is what in all probability occasion'd the Company's relinquishing One  $\text{₹}$  Cent Custom and half  $\text{₹}$  Cent Consulage on all the Coral imported here, besides the confusion, uneasiness, and charge it creates to all those who are any ways concern'd with or in the payment of the Revenues.

It was then consider'd if we shou'd lay aside the M. M. pagodas, what others we shou'd fix upon as the Currant Money of the place, and the most knowing and eminent Shroffs being consulted upon the occasion it was put to them whether to order all payments and receipts to be made in the Arnee pagoda of  $84\frac{3}{4}$  Matt instead of the Allumbrum S<sup>t</sup>. Thomé and Trivilore pag<sup>r</sup>. of 83 Matt the Arnee pagoda only being paid into the Nabobs treasury. To this they reply'd that we shou'd still be subject to the Inconvenience of a Batta in the same manner as we were now with the M. M. pagodas except the nabob shou'd make them Currant in all payments at Arcot and all other parts of the province, which it is not likely he will do, so long as he has the advantage of a double coinage first in that all the Gold is coin'd in his Mints in the common Curr<sup>t</sup>. pagoda, and afterwards recoin'd into the Arnee pagoda when paid into his treasury. They added it was their advice upon the whole to fix upon that Standard which was in most General use, and acceptation in all parts of the Country which agreeing also with our own Sentiments, and prudence also Suggesting to us that we shou'd submit to the irresistible force of those Effects which proceed from the nature of commerce in General, and not vainly attempt to introduce noveltys that we have neither power or influence to go through with, it was unanimously AGREED to lay aside the M. M pagodas and to receive the common Currant Pagoda in all payments.

Then the 19<sup>th</sup>. paragraph of the Company's Letter dated the 9<sup>th</sup>. November 1733 was taken into consideration Ordering the Custom, and consulage on Coral to be reduced, the former to four the latter to two  $\text{₹}$  Cent.

They are laid aside, the common pagoda to pass curr<sup>t</sup>.

Comp<sup>y</sup>'s letter about the reduction of the Custom & Consulage on Coral consider'd.

## — FORT ST. GEORGE, JULY 1735 —

Agreed that the Custom be charged at 5 and the Consulage at 2½ Cent as formerly, but to be kept under a distinct head till the Company's pleasure be known.

Report an estimate of the charge of repairing the washing tanks deliver'd in, Order'd in, set about.

And it being intimated to the Board that a private Letter was seen in town last Year wherein it was said that upon application made to the Company of the hardship the Coral Merchants suffer'd by paying two and a half Cent on the Money remitted in their Cash, The Company had consented to abate them one Cent of the Custom and half Cent of the Consulage because they did not care to make any Alteration in the Money that was to be paid into their Cash. But as the Coral Merchants will now remit their Money Two and a half Cent cheaper we believe the Company will think it but reasonable they shou'd again pay the one Cent Custom, and half Cent consulage as formerly, accordingly the same is order'd to be charg'd to their Accounts but however kept under a distinct head in the Books that if the Company disapprove thereof it may be repaid to those who are charg'd with it.

Mess<sup>rs</sup>. Burton and Monson deliver in an estimate of the charge of repairing the tanks in the washing town which is enter'd after this Consultation, and being a thing absolutely necessary to be done ORDER'D that the Paymaster sett about it immediately.

## — FORT ST. GEORGE, AUGUST 1735 —

TO THE HONOUR<sup>BLE</sup>. RICHARD BENYON Esq<sup>r</sup>.

PRESIDENT AND GOVERNOUR OF FORT ST. GEORGE.

THE PETITION OF WASHERS

HUMBLY SHEWETH

With Submission to your Honours your Petitioners humbly takes this opportunity to lay their case before your Honours feet. That from several Years they have been servants to the Honourable Company as Washermen, and has allways used their best endeavours in their service which was carry'd on by 500 Washers and that the severe famine which begun to continue from M<sup>r</sup>. Macraes Government till the end of M<sup>r</sup>. Pitts forced great part of the said Washers to quit the place, and fly to those parts where they cou'd procure Grain &c. cheaper some of them being infirm, and unable to walk died, at last most part of those that remain'd and escaped were oblig'd to dispose of themselves, their Wives or Children &c. So that by these misfortunes great many families are come to decay, and the number of them is very much decreas'd that at present there is no more but about 100 Washermen that are fit to work, who unless your Petitioners shou'd send for many others to join with 'em in their Business as we have annually done since the continuance of these famines, will not be able enough to carry on their business to which purpose your Petitioners are oblig'd to send for some from the Country though it is a great trouble for them.

Your petitioners are very sorry to assert that some of their people were so unfortunate through their wicked proceedings, and offences to bring themselves under confinement, and exasperate your Honour so far against them as to create in your Honour a design of sending them to the West Coast (as your Petitioners were inform'd) Your honour therefore is earnestly entreated to consider that their ill behaviours proceeded from the change of their stations into a most miserable condition by means of the famines abovemention'd, and they being of very illiterate, and vulgar spirits are consequently very ignorant of all right, and well manured behaviours whatsoever.

Your poor Petitioners therefore most Humbly presume to beseech, and pray your honour begging that Your Honour through your Candour, and well known Goodness will be so pleas'd to pardon, forgive, and excuse them the foremention'd prisoners from their crimes whatsoever that they may thereby be releas'd from their confinements, and enter themselves into the Number of their families with whom that they may preserve their healths in a very gratefull remembrance of Your Honours undoubted favour w<sup>ch</sup>. is hop'd to be conferr'd towards them poor creatures by Your Honour, for which

Your poor Petitioners as in duty bound shall ever pray.

TO THE HONOUR<sup>ABLE</sup>. RICHARD BENYON Esq<sup>r</sup>.

PRESIDENT AND GOVERNOUR OF FORT ST. GEORGE.

THE PETITION OF KESHETTY NARRAIN AND CHINTOMBY

HUMBLY SHEWETH

That when your Honour, and the late Hon<sup>ble</sup> GEORGE MORTON PITT Esq<sup>r</sup>. was pleas'd to order your Petitioners to send for certain number of weavers for erecting a Pettah now call'd Chindadre Pettah, and to advance them Moneys to settle at that place in order to perswade many more to come there that the said Town might flourish, and be well inhabited, and become capable of produceing large quantitys of Callicoes which shou'd be manufactured there, to the great benefit and Interest of the honourable Company, Your Honour and the aforesaid Hon<sup>ble</sup>: George Morton Pitt Esq<sup>r</sup>. was graciously pleas'd to promise the Hon<sup>ble</sup> Company's, and your Honour's favourable protection, and encouragement to your petitioners if they shou'd carry on and settle the aforesaid Town.

—FORT ST. GEORGE, AUGUST 1735—

Your Petitioners in relyance upon such promise and permission did use their utmost Care, and labour towards getting some proper persons to be sent by your Petitioners to the several pettahs in the Country where the weavours have their habitations with presents and Moneys to answer the charge of theirs and their familys travelling expences to Madrass where your petitioners prepared them proper lodgings &c. till the Houses were built for them in the aforesaid Chindadre Petta and as they were destitute of Money, and other necessarys and much distress'd and impoverish'd by the course of a long and Severe famine Your petitioners were suspicious of their stay to secure which they advanced them certain sums of Money to refresh, and Settle the said Inhabitants and familys with proper necessarys requir'd for their use.

Your petitioners further labour'd and took great care in transplanting the trees of the garden which stood at that place where Chindadre pettah is built, levelled that ground, and procured all things necessarys for building the houses &c. as is not unknown to your honour on which account they have already expended between the Sums of five and six thousand pagodas the particular accounts whereof Your petitioners have ready (if requir'd) to produce to your Honour. Your petitioners own labour and service in these matters they expect no other advantage for than the great benefit of gaining your honours constant favour towards them.

The Houses that are already built at Chindadrepetta are 100.

Your Petitioners now most humbly entreats your Honour to grant them that Sum which was promis'd unto them to be advanced when Chindadrepetta was design'd to be erected and what favourable encouragement the Erectors of the said Pettah are thought worthy to be gratify'd with they humbly leave to your Honours most gracious pleasure.

And your Petitioners as in duty bound Shall ever pray.

TO THE HON<sup>BLE</sup> RICHARD BENYON Esq<sup>r</sup>.

PRESIDENT AND GOVERNOUR OF FORT ST. GEORGE

THE PETITION OF THE PAINTERS, WEAVERS &C. INHABITANTS OF TRIVILICANE

HUMBLY SHEWETH

That when the Honourable Company first had this Village under this Government yours petitioners flock'd to it as Birds do under the cover of a great tree, and the Governour of that time receiv'd us, and kindly took us under his protection from which time forward we liv'd in peace, and did our duty, and the Companys Business with great pleasure till the time of Governour Macrae who to our great misfortune first laid upon us the Tax on Beetle and Tobacco, by joining the same with the farm of Madrass, may it please Your Honour that we presume to inform you that it's the nature of us of this country to use great quantitys of Beetle and Tobacco in so much that if we have not or can't be permitted by reason of a hurry of Business which sometimes happens to go to our victuals We can chearfully bear it if we have but Beetle and Tobacco, but we cannot go through our work without it and being always thinking of it, and longing for it we leave our Business to go out of the Bounds to get it, and so are hinder'd from doing our work, and by that means the several owners of the Goods have them not return'd them at the proper and appointed times by which we loose great part of our pay, and people imagining that we are negligent and always running from our business are afraid to give us employ by all which we have lost our livelyhood and are reduced to great poverty but as we are now happy in so good a Governour as your Honour we pray you'll please to take our care into consideration and relieve us from the Burthen of the Beetle and Tobacco farm, which never till the time of Governour Macrae was laid on this village which if your Honour shall think fit to grant we shall constantly offer up our thanks in divine service and mind to labour strictly and to discharge our duties in our several business

There being now ready about Seventy Chests of Rupees ORDER'D that they be sent on board the Wager and that she be dispatch'd on Monday to the Bay.

—FORT ST. GEORGE, AUGUST 1735—

The President inform'd the Board that agreeable to the Resolution of last Consultation he had been looking out for persons to take the Beetle and Tobacco Cowle and had receiv'd proposals from Gongaram, and Buddaroy about it, who were willing to take it at the old rate, and that he had also had an offer from two other persons by name Quotam Baucum Gruapa, Anamunta Kistna for the measuring farm, and Town Brokeridge, that he had with some difficulty brought them to agree to give One thousand pagodas ₪ Annum, for the measuring farm, but that they wou'd by no means be prevail'd upon to give more than seven Hundred Pagodas for the Brokerage.

Offers made for renting the Beetle & Tobacco farm, Measuring farm and Town Brokeridge.

The Petition from the Inhabitants of Trivlicane being then consider'd the Board agreed unanimously that the laying on the duty on Tobacco and Beetle in that and the other Villages in M<sup>r</sup>. Macraes time had almost depopulated those Villages, and that there is great reason to apprehend if that duty be longer continued there the few remaining Inhabitants will also desert. It was therefore resoly'd to take of the said duty in all the Villages and the President was again desir'd to see if the above-mentioned two persons cannot be induced to take the said farm at the Old Rent exclusive of the Villages.

Petition of the Inhabitants of Trivlicane consider'd & granted. President desired to try to let yr. Beetle & Tobacco Cowle exclusive of the Villages.

The Offer for the measuring farm being an advance of One Hundred and fifty 150 pagodas ₪ Annum was agreed to be accepted as was also the seven hundred pagodas 700 for the Town Brokerage tho it be less than the last Renters gave for it by One Hundred pagodas ₪ Annum because it is well known they have lost a great deal of Money by it for which reason they wou'd by no means be induced to take it again on any terms.

Offers for renting the measuring farm and town Brokeridge accepted.

Then the Merchants being call'd in produced the Musters of Gingham, and Oringall Beteelas Which being examin'd the Board came to an Agreement with Molinga Kistna for as many as he cou'd procure not exceeding the Quantities in the list of Investment to be ready for the January Ships on the following terms Viz<sup>t</sup>.

Mulinga Kistna agrees to provide Gingham, Oringall Beteelas

GINGHAMS white Sixteen Covids long & 2 Covids broad N<sup>o</sup>. 1 at twenty four 24 and N<sup>o</sup>. 2 at twenty two 22 pagodas ₪ Corge.

Remarks  
thereon.

That instead of two and a Quarter 2 $\frac{1}{4}$  ʒ Cent which the Company formerly receiv'd on all the Cloth taken in for their Account by the present method they receive little more than One and a Quarter 1 $\frac{1}{4}$  ʒ Cent in reality, so that they will be apparently Gainers by complying with the Merchants request in this particular, and as it can hardly be imagin'd the duty of five 5 ʒ Cent on the turn'd out, torn, rat eaten, damaged and stolen Cloth which the Merchants now pay can amount to the difference of One 1 ʒ Cent on the good Cloth it was

THE PETITION OF TOMBY CHITTY &C. MERCHANTS

SHEWETH

That from the 1<sup>st</sup>. May in the Year 1703 when Kellaway, and Vencatty Chitty's made a contract with Governour Thomas Pitt to the 1<sup>st</sup>. January 1723/4 about twenty one Years the Company used always to receive a Custom on the goods deliver'd them at 2½ <sup>W</sup> Cent at the Choultry, but they never receiv'd any Custom on the Wrappers Cloth that was torn in washing, stolen from the washing town, and such as met with other accidents from Rats or white Ants in consideration of the great Loss the Merchants sustain'd by such Cloth. As this was the Custom used from the first establishment of the Company's Trade here Your petitioners pray your Honour &c. will please to alter the method M<sup>r</sup>. Macrae made use of for receiving the said Customs, and establishing it again on the former footing.

AND YOUR PETITIONERS &C<sup>a</sup>.

TO THE HO<sup>N</sup>BLE RICHARD BENYON ESQ<sup>r</sup>.

PRESIDENT & GOVERNOUR &C. COUNCIL OF FORT S<sup>t</sup>. GEORGE.

HO<sup>N</sup>BLE SIR & SIRS

Your Honour &c. Gentlemen of Council having employ'd Mess<sup>rs</sup>. Nathan Wright and Self Supracargoes of the Royal George on a Voyage to the Mallabar Coast, Persia and Bussora, I make bold to give your Honour &c. Council the following Narrative of our transactions with respect to the wars between the turks, and Persians, and how we were forced to engage in it. We arriv'd at Bussora the 24<sup>th</sup>. March last where we found the Arabs engaged in a dispute with the Turks account some ill treatment receiv'd from them, the same being afterwards accommodated, and every thing made Easy on both sides, we remain'd in that scituation till the 18<sup>th</sup>. May when the Bashaw receiv'd advices that the Persians had enter'd the River with 50 Sail of Trankeys, two small Brigantines, and a Grab of about three Hundred Tons with an intent to take the town of Bussora (having been invited thereto by the Arabs during their difference with the turks) whereupon the Bashaw sent the Captain Aga to Messrs. Wright and self for the loan of the Ship in order to send her down the River to repel the Persians but as we apprehended the Companys Affairs in Persia might be impeded, and their Servants come into some trouble on this account in case we comply'd we earnestly requested to be excused for that reason alledging further that notwithstanding we had a large Ship under our direction she cou'd be of no service to them having but little ammuniton on Board, That we came there only as

## — FORT ST. GEORGE, SEPTEMBER 1735 —

Merchants, and consequently not provided for such an undertaking. We were answer'd it Signified nothing that the Ship they wou'd and must have, and if we had no ammunition on board, they wou'd send a sufficiency with two thousand Men, that they had hitherto treated us as friends, and were very indulgent to us as Merchants in giving us the Liberty of the port in preference to all other Nations and therefore thought us in duty bound to assist them to the utmost in their necessity, otherwise they wou'd hereafter treat us as common Enemys, and not suffer the face of an Englishman to appear among them again. Your Hon<sup>r</sup>. &c. must needs believe we were under no small Delemma on this Account, the Hon<sup>ble</sup> Companys affairs calling upon us to remain Neuter on one side, and the lives of all the Europeans there present on the Spot, as well as the fortunes of our Employers on the other. We therefore thought it the only and best expedient to apply to M<sup>r</sup>. Marten French the Hon<sup>ble</sup> Companys chief resideing there, for his advice in this conjuncture who having before receiv'd some intelligence of the Bashaws design advised us to comply with his request, and accordingly went with us to the Bashaw's house to let him know the Ship was at his Service but not before we had expostulated with him, and found him in the same mind and resolution as we had before been apprized of by his Officer, accordingly the Captain Bashaw with Turkish Soldiers took possession of our Ship when they hoisted Turkish Colours, and fell down the River as far as Cothee Shabanny where they met with the Persians and after four days engagement defeated them, The Deane Frigate (belonging to the Gentlemen of Bengall) and all the turkish Gallies saild the next day after our ship who join'd her in the said engagement.

I inclose your Honour &c. a certificate under the hands of M<sup>r</sup>. Marten French, and others residing at Bussorah which I am in hopes will meet your Approbation (relating to our proceedings in this Affair) a Copy whereof we beg may be transmitted to the Hon<sup>ble</sup> Court of Directors of the East India Company and that your Honour &c. will be so kind to represent our Case in that manner that if their Affairs shou'd come into any trouble by our proceedings on this account they will impute it to the power of Government, and not to the will of either M<sup>r</sup>. Wright or

HON<sup>BLE</sup>. SIR & SIRS

Your most Obedient Servants,

CRISTOPHER CRADDOCK.

THIS IS TO CERTIFIE that we the underwritten were witness to the Conduct of Mess: Cristopher Craddock & Nathan Wright in relation to the Royal George going down the River against the Persians, and give our Narrative as follows.

The 18<sup>th</sup>. May we had advices of their having enter'd the River, and made their way up as high Halfar a place in distance not twenty Miles from us. You may easily conjecture the confusion this Alarum rais'd which put the Bashaw upon requesting the Royal George to go down in order to repel them, all arguments were used by these two Gentlemen to avoid so dangerous an enterprize to a Ship of her large draught of Water, but all to no effect in the final, they declared if they cou'd not have her by fair means they wou'd otherwise. We thinking the first most Eligible at this Juncture gave our advice towards it which these Gentlemen comply'd with, otherwise it might be attended with the worst of consequences both in regard to our lives, and your Estates. Dated in Bussorah this 4<sup>th</sup>. day of June 1735.

The Gentlemen in Bengall having sent us upwards of fifty bales of Rawsilk by the Jane, and Fort St. George which were saved out of the Ockam It was proposed to put the same up at Outery but AGREED in the Negative on account of the present disturbances between the Moors and Gentues which rend'ring it dangerous to travel in any part of the Country, there can be no prospect of it's selling to advantage.

For the same reason it was resolv'd to be absolutely necessary to keep the Super-numerary Soldiers here at this juncture instead of sending them to Bombay agreeable to an order from the Honourable Court of Directors, to which except on such an extraordinary occasion we shou'd have paid an exact obedience.

Mess<sup>rs</sup>. Wilson and Eckman deliver in an answer to the complaint of James Palmer transmitted to us by the Honourable Company which is read and ORDER'd to be enter'd after this Consultation.

Petition from Captain Hudson read, and granted praying that forty Bales may be pack'd with twenty five peices instead of thirty in order to enable him to carry his full Tonnage.

TO THE HON<sup>ble</sup>LE RICHARD BENYON Esq<sup>r</sup>.

PRESIDENT & GOV<sup>r</sup>. & C. COUNCIL OF FORT ST. GEORGE.

HON<sup>ble</sup>LE SIR & SIRs

Whereas a complaint has been given in to the Hon<sup>ble</sup>. Company by James Palmer Soldier against DAVID WILSON, and PETER ECKMAN officers at Fort St. George and a copy of the said Complaint has been deliver'd to the said officers by your Honour's Secry, requiring our answer thereto, and Whereas the said Complaint is not only very ill grounded, and the true reasons of his pretended sufferings disguised & conceal'd and other artfull reasons substituted in the room of the true and real ones,

We shall therefore give an account of the matter of fact to the best of our Knowledge, whereby the whole affair we hope will be sett in its true light and Your Honours fully satisfied of the unreasonableness of the said Complaint.

Palmer therefore and Williams having an intrigue to carry on with one of M<sup>rs</sup>. Harrington's Lodgers who at that time was Gallanted by some Swedes AGREED in order to appropriate the more effectually that Lodger to their own use to drive the Swedes from the House. They went thither accordingly and began to quarrel, the Mistress of the House sent her servant to call a Guard, the servants who by chance-espied Ensign Stewart in the street ran to him, and made his address to him, the Ensign trusting to his own sufficieny went without a Guard.

Upon his arrival he found Dessey and Palmer two Soldiers who being more immediately under his command order'd them to be gone, Dessey walk'd off, but Palmer not regarding the said Ensign's order he was oblig'd to enforce it by applying his Cane to Palmer's Shoulders, whereupon Williams who had hitherto been only a spectator, and Palmer both together closed in with the Ensign, But he readily disengaging himself from them, and putting himself in a posture of defence, bad them keep off, in short seeing themselves foil'd and disappointed, they retired.

About nine a Clock that evening Williams, and Palmer passing through the Choultry Guard where the Serjeant was walking ask'd him if he had heard anything of their haveing Quarrel'd that Evening with Ensign Stewart to which he answer'd in

—FORT ST. GEORGE, SEPTEMBER 1735—

the Negative, they then fell a bragging how heartily they wou'd have drubb'd him had they been arm'd as well as he the said Ensign was, the Serjeant bad them take care how they takl'd at that rate

Williams notwithstanding went on and told the Serjeant that he wou'd have his revenge, and for that very purpose lie on perdue for the Ensign, and that he had a good Quarter Staff which he beleivd wou'd do his business, To which Palmer Answer'd that if his Quarter staff woud not do he had a good knife that shou'd do, and then they bid the Serjeant good night.

When the Ensign came to his Guard the Serjeant told him what words had passed between Palmer, Williams and himself, the Ensign made his report next morning to the Cap<sup>t</sup>. of the Main Guard, and complain'd of Williams and Palmer who were thereupon order'd to be taken up.

Williams not being a Soldier was sent to a Justice of the peace who finding sufficient cause for his commitment bound him over to the Sessions and Palmer was confin'd to the Main Guard, next morning he was publicly reprov'd for his disobedience to his Officer and being a Newman not yet acquainted with the rules of the Garrison, was acquitted without any further censure or punishment.

And as for the other part of his complaint which did not happen till a considerable time after Viz<sup>t</sup>.

It is imprisonment punishment, and transportation it shall also be accomptant for, Palmer finding that he was not permitted to converse freely with Williams now in Goal wrote him several Letters in one of which "He applauded the brave resolution which Williams had taken to revenge himself on his Enemys as soon as sett at liberty, and that he might depend on his assistance at all times.

"He hope that before this time the Hoñble Company were made sensible of the great service he had done them in his passage to India, and shou'd very soon have it in his power to make Governour Pitt pay dearly for the ill treatment rec<sup>d</sup>. at his hands:—And that he wou'd cane Captain Wilson if ever he found him in England. But Williams who for some time had suspected Palmer of Treachery sent this Letter to the Captain of the Guard who carry'd it to the Governour, who after having perused it gave orders to Captaiu Eckman to put Palmer in the Cockhouse to give him a gentle exemplary punishment which was perform'd by the Corporal by giving 24 stripes on the shoulders more to disgrace then hurt him (his Military Coat only being pull'd off, and not otherwise striped) and send him to the West Coast to all which orders the said Officer gave due obedience.

And as to the Additional blows, and hard appellation which Palmer said was given him by Captain Eckman He the said Eckman upon mature enquiry and reflection cannot charge his memory with any such thing or words as being very forreign to the purpose, and no ways appertaining to either of them in their Military capacities.

For the rest the Board considering the trouble and delay whi[ch] calling them together on every Message that might come from St. Thomé wou'd occasion, desired the President wou'd act therein in such manner as he shou'd find most proper wi[th] the advice of Imaum Saheb on whom alone it is AGREED to be for the Interest of our Hon<sup>ble</sup> Masters to have any dependance, since such a confidence will engage his friendship, Whereas divided applications wou'd make all Persons to whom we might apply negligent of our Interests, and bes[ide] occasion a larger expence than this method.

The Warehousekeeper reports to the Board that some of the Cloth lately receiv'd by the Madrass Galley was damag'd and being wash'd there are Seventy peices which will serve for Wrappers and ten quite rotten and also

Report of the Vizagapatam &

That of the Cloth rec<sup>d</sup>. from Andiapa there has been some torn in washing and some turn'd out by the Sorters both which the Gomastah's of the said Andiapa refuse to take back affirming their agreement to be for brown Cloth.

Porto Novo Cloth damaged and turn'd out. List of it enter'd. Letters of Porto Novo about it.

Which Assertion of the said Merchants being true as will appear by the Letters (enter'd after this Consultation for the Company's more imediate perusal) that have pass'd between the President and them relating to the providing of Cloth at Porto Novo, It was AGREED to put so much therēof as is torn up at Outery, and to take that opportunity to sell the damaged Vizagapatam Cloth, and that the rest of the Porto Novo Cloth be kept for the use of the West Coast.

The damaged to be sold at outory. The other to be kept for the West Coast.

ORDER'D that Nine thousand 9000 Pag<sup>a</sup>. be advanced to Tomby Chitty, and Six thousand 6000 to Molinga Kistna, they having brought in Cloth to that amount since the last Advance made 'em.

Money advanced to Tomby Chitty and Molinga Kistna.

Then the Vizagapatam Letter dated the 30<sup>th</sup>. August being taken into consideration wherein they tell us there is no likelihood of their providing any more Cloth without an advance in the prices, the Consultations and Gen<sup>l</sup>. Books for the last five Years were call'd for from whence it appear'd that there had been annually an advance made in the price of their Cloth, in so much that at the Present exclusive of the ffactory Expence, those Goods are considerably dearer than what we provide here, and that the receiving them one with another without regard to the Numbers or the lengths and Breadths had occasion'd most of it to be of the lower Numbers, and of late the greatest part short and narrow in so much that the last Year there was none else, All which will appear by the Extracts enter'd after this Consultation.

Remarks on the Vizagapatam Cloth.

## —FORT ST. GEORGE, OCTOBER 1735—

The Board remarking from hence that the frequent indulgences granted to the Vizagapatam Merchants had only occasion'd their making New demands, that the price of labour is considerably cheaper in that Country than with us, and that therefore there can be no pretence for the Cloth being even so dear as here, and that consequently the complaints in the said Letter can not be well grounded, Came to the following resolution.

Do. That since the abatement made in the short Cloth is by the acknowledgment of the Vizagapatam Merch<sup>ts</sup>. themselves only in proportion to the difference of cotton and labour in the full measure and other Cloth we will abide thereby, And

Do. Further that since the Vizagapatam Cloth comes out at present dearer than ours, we cannot make any further advance on the prices unless the Cloth proves better than usual.

General Letters read Viz<sup>t</sup>.

N<sup>o</sup>. 93 dated the 18<sup>th</sup>. Instant from the Deputy Govern<sup>r</sup>. and Council of Fort St. David in answer to our remarks on the account of M<sup>r</sup>. Berriman's Debt to the Honourable Company.

Bombay.

N<sup>o</sup>. 94 from the President and Council of Bombay dated 18<sup>th</sup>. August chiefly in answer to one from us, and to advise of a report of a Dutch Ship turn'd Pyrate.

Letter to  
Bombay  
about  
providing  
Silver for the  
Richmond.

On revising our last Letter to the Presilent and Council of Bombay relating to Silver for the Richmond wherein we sent them a Calculate of the produce of Gold (which Calculate is enter'd after this Consultation) the Board observing, we had supposed the Gold sold on the Mallabar Coast to be paid for in Rupees and in that case the difference to be about one  $\text{P}$  Cent, consider'd that as those Rupees had paid the Charge of Coinage it was probable the Gentlemen of Bombay might be able to buy with them uncoin'd Silver 2 or 3  $\text{P}$  Cent cheaper, wherefore it was resolv'd to mention this to them in a General Letter, because in such case the reasons formerly given for their supplying that ship instead of depending upon us will be greatly enforced.

On an  
estimate of  
it's being  
to be got  
Cheaper on  
that Coast.

Further  
remarks on  
M<sup>r</sup>.  
Berriman's  
debt.

The Fort St. David Letter being also consider'd the excuse made for so large an advance made M<sup>r</sup>. Berriman on Acco<sup>t</sup>. of the General repair of the Buildings was thought reasonable as was also M<sup>r</sup>. Crokes excuses relating to the Broad Cloth deliver'd for the Soldiers Coats and Caps. As to the money charged for disbursements on the Garden House in July w<sup>ch</sup>. was laid out by the Deputy Governour in August, though it is not very regular to charge things as expended before they were so, yet as M<sup>r</sup>. Berriman's Ballance wou'd have been so much larger had that charge been omitted till August and the Company must then have paid it to the next Paymaster It was AGREED to allow thereof.

## —FORT ST. GEORGE, OCTOBER 1735—

As to the Pagodas 191. 13. 50 mark'd RB the proofs of its belonging to Mr. Brooke's Estate are so plain that it was AGREED to order it to be paid to the other Executors of that Estate.

FROM TANDAVAROV SURAH MOORTE & PANDARUM AT PORTO NOVO TO COJAH PETRUS

DATED THE 18<sup>th</sup>. AUGUST 1735.

We receiv'd your Letter and Observ'd the contents and with it the Account Currant with the Company and discharge in Eng<sup>th</sup>. by our Conicoply Villiadah Pillah.

You wrote to us that the Governour had spoke to you to direct us to provide a large Quantity of Nine Caul Cloth, for the Company against Jan<sup>y</sup>. and that all such Cloth as shall be short of breadth and length or shall prove bad or torn in washing we must take again and deliver other Cloth in the room of it You formerly wrote to Andiapa that the Governour had directed you to write him to provide a large Quantity of Nine Caul Cloth and Salampores for the Company to which he answer'd you that he on his part never used to contract with the Company but if any Person advances him Money he provides them such Cloth as they want at the price it Costs, charging only his Brokeridge, and in such manner he shou'd be content to provide as well as in his power; You approved of it and wrote us what Cloth that shou'd be short in length or Breadth shou'd be turn'd out Brown and that there shou'd be no further trouble about it, and sent money to provide such Cloth which we have done now for four Years receiving back only such Cloth as was turn'd out Brown for want of length and Breadth for which we deliver'd other Cloth, and the Governour has approved to this time such our Business and we have receiv'd his favour, and as you now write us that the Governour Orders us to take bad Cloth and such as is torn in washing, how can we do it as we provide and send only for our Brokerage; if we take it back again it will destroy our Affairs and Trade, if this was a concern with Contract Merchants, if they loose by one sort of Cloth they get by another, and so they will be able to perform it without Loss, but we can't that only receive our Brokerage for our trouble We hope you will not be offended at this our reason but will explain it to the Governour in an handsome manner, and if you will please to get him to accept our service in such manner as formerly and not let the Cloth be turn'd upon our hands only such as is brown at the time of measuring, We shall do all we can and get a large Quantity by January and as for the new Contract also, if you can get this Granted we shall receive

## — FORT ST. GEORGE, OCTOBER 1735 —

Money and follow Your Directions, if you don't approve of this we shall get what Cloth we can between this and January and settle all our Accounts, and hear what further good advice the Governour and Your self shall please to give us, but on the new Contract if we must take back the new Cloth We shall be unable to manage our Business, therefore we leave it to you to speak to the Governour in our behalf that he may not be angry with us, and get us clear of any new Contract. As for other Affairs we are always his Honours Servants in this place, and if he has any Business of his own here if he commands us we shall obey to the utmost of our abilities, if we defer'd writing in this manner till the time of making the New Contract it wou'd displease the Governour and you, wherefore we write you now to settle and do this Business in such manner as you see proper, we often desire to hear of your health and receive your Commands.

FROM THE SAME PEOPLE

DATED 1<sup>st</sup>. SEPTEMBER.

We receiv'd the Letter you sent by the Tappys and Observ'd the Contents. You therein write us you inform'd the Governour of our last Letter to you and the Governour told you he wou'd do as we desired and that in future on the New Contract no other Cloth shou'd be return'd upon our hands but such as is turn'd out in measuring, and that he expects within the first of January 800 Bales. We have always Obey'd your Orders and done as you directed us, it is now but four or five Years we have been concern'd in the Comp<sup>ts</sup>. Affairs during all which time in the Letters you have wrote us always to deliver the Company's Cloth Brown and that whatever is then torn or short of length or Breadth we shall take back again, and deliver others, and that we shou'd not be troubled with any thing else, and in such Letters as we have been honour'd with from the Governour he always writes us to follow your Directions, depending upon his Honours and your Letters we have hither to provided and sent Nine Caul Cloth about 530 or 540 Corge. It is now the Rainy Season as you well know and the Rivers and Waters will be abroad and full, and besides there's now great danger from the Polygars and Thieves in sending Money to the Weavers by two or three Peons, notwithstanding which we shall send Money to several sets of people with Orders to provide a large Quantity of Cloth but as the time is short we believe ten Corge more or less than 400 Corge is all we shall be able to get but we shall use our utmost endeavours to get more, and we hope you will speak to the Governour to order it to be receiv'd Brown, that we may have no further and please to send us an Answer.

FROM THE SAME PEOPLE

You write us to send you an Account in English of what Long Cloth we deliver'd in ffort S<sup>t</sup>. David. We have deliver'd of the Old Contract 1200 Corge and on the new Contract some we have and shall deliver for which our Conicoply went to Governour Hubbard to get an Account in English he told them there was about seven Corge and an half of Cloth torn in the Washing which he bid him take back and sell it and he wou'd answer any thing that shou'd be lost by it, by which means we have been hinder'd to have an Account ready to be sent you in English. You have wrote us to take care not to deliver any torn Cloth brown in to the Washers, and that if any was torn in washing it wou'd be on the Company's Account but now the people in Fort S<sup>t</sup>. David use us as above related, which causes us to request You'll inform the Governour of Madrass of these affairs and procure his Directions to the Governour of Fort S<sup>t</sup>. David to take such Cloth as shall be torn in Washing on the Company's Account, and give us their Receipt for what Cloth we shall deliver, and to favour and help us in all our Affairs. We have sent considerable sums among the Weavers to provide Nine Caul Cloth and we shall take care to sort it well, and send it to Fort S<sup>t</sup>. David. The Governour of Fort S<sup>t</sup>. David is a very good man for the Company's Interest but the Merchants, and others under him do not like we shou'd do this Business, and as they

—FORT ST. GEORGE, OCTOBER 1735—

are always near, they will endeavour to find an opportunity when we shall be anything wanting to speak to our Prejudice all these matters are very well known to you, We therefore desire you'll inform the Governour of them and procure his Letters to be sent with your own to the Governour of Fort St. David in such manner that all our affairs may go on easily, and we shall always be glad to obey you in any thing this Way.

The Vizagapatam Cloth lately arriv'd being all Wash'd and cured, the Board met in the Sorting Godown to inspect it, and found it was in Goodness much the same with what usually receiv'd from thence but they remark'd in their Letter to that Settlement by M<sup>r</sup>. Sanderson in the beginning of the Year The Chief and Council were ORDER'd not only to make an Abatement for the Short Cloth but also to agree by Numbers the former of which indeed appears to be done by the present Invoice where the O Chop Salampores are valued at fourteen and three Quarters 14 $\frac{3}{4}$  Pagodas 4 $\frac{3}{4}$  Corge but there is no difference in the Prices of the several Numbers altho' the Cloth be sorted in that manner. The N<sup>o</sup>. 1, 2, 3 being all rated alike which matter being taken into consideration together with the several extracts enter'd after the last Consultation and the Resolutions the Board then came to about this subject being again debated It was at length AGREED that the alterations already made in the valuation of the Vizagapatam Cloth having put them under such difficultys as had almost put an entire stop to that Investment, The clogging it farther this Year might be the occasion of a Total disappointment from thence wherefore it was RESOLV'd only to remark to them that they had now Observ'd the orders rec<sup>d</sup>. from us about this matter and to tell them we shall expect their compliance therewith next year.

Remarks on  
the Vizag<sup>m</sup>.  
Cloth.

M<sup>r</sup>. Harrison having desired permission to come up hither for a little while in a Letter to the President, Agrees that his request be granted if M<sup>r</sup>. Sanderson doth not come up himself, and thereby make M<sup>r</sup>. Harrison's stay there necessary.

M<sup>r</sup>. Harrison  
requests to  
come up,  
granted  
conditionally.

The Company having so frequently recommended to us to see that no extravagant Charges be allow'd in passing the Accounts deliver'd in by the Masters of their small vessels, and we having as constantly assured them of our care about them notwithstanding which the cost of those vessels annually Encrease. It was AGREED to appoint Mess: Morse and Torriano to be a Committee to examine the Accounts of the said Vessels for some Years past to see how such encrease of the cost may be avoided whether it be possible to make any Retrenchment in the Expence or to add to their earnings and farther to get such intelligence as they can of the Expence of Country vessels of the same or near the same Burthen that so we may make it appear to our Honble Masters that all imaginable care is taken therein.

 M<sup>r</sup>. Graham

N<sup>o</sup>. 97 from the Deputy Governour and Council of ffort St. David dated 14<sup>th</sup>. Ins<sup>t</sup>. wherein they advise the Arrival of the Cash sent them, tell us it will be difficult to spare Washers from their own to cure the Porto Novo Cloth, repeat a Request from their Merchants mention'd in a former Letter that we will take in their turn'd out Sallem Cloth to a N<sup>o</sup>. 4 and advise the Cargoes of two Ships sail'd for ffrence.

& from Fort

AGREED that M<sup>r</sup>. Graham be permitted to come up, his other request for leave to put his Bales on Board the Triplicane was comply'd with by an Order sent him the 27<sup>th</sup>. Ult<sup>o</sup>.

The Request from the ffort St. David Merchants that we will indulge them in taking in such part of their turn'd out Sallem Cloth to N<sup>o</sup>. 4 as shall be found equal to that Number being taken into Consideration the Board AGREED that it be comply'd with, because having the last Sorting day examin'd what sent us up lately from thence the N<sup>o</sup>. 1, 2 & 3 of that sort of cloth prov'd extraordinary good and therefore the Board are of Opinion y<sup>t</sup>. if much of what they offer for a Number 4 bear any proportion to the other Numbers it will be of service to our Hon<sup>ble</sup> Masters to accept of it both as it will encrease the Quantity of Bales by an Addition of Cloth fit for their use, and relieve the Merch<sup>ts</sup>. from having so much lie dead on their hands.

ffort St.  
 David mer-  
 chants request  
 comply'd  
 and  
 consider'd  
 with.

The difficulty of getting Washers for the Porto Novo Cloth mention'd in the ffort St. David Letter being also consider'd it was AGREED to order the Deputy Governour and Council to sett their Washers about the Porto Novo Cloth preferably to that provided by their own Merchants it appearing by the Company's Letters that the Cloth provided at Porto Novo is much liked at home, and therefore it is necessary to get as large a Quantity of it as possible.

Orders to  
 ffort St.  
 David about  
 wash<sup>rs</sup>. the  
 Porto Novo  
 Cloth.

AGREED that Mess: ffloyer and Holland be permitted to come up for a few days conformable to their request mention'd in the Fort St. David Letter.

General  
Letter from  
Bombay.

General Letter N<sup>o</sup>. 98 dated the 9<sup>th</sup>. October from the President and Council of Bombay desiring us not to send any ship to Bussorah on Account of the Wars between the Turks and Persians.

Scavenger  
order<sup>d</sup>. to  
repair the  
Publick wells.

The Coroner having reported to the President that he lately sat on the Body of a Child found drown'd in a well, and the like accidents having frequently happen'd of late Years occasion'd by the want of proper Breast works to the said Wells ORDER'd that the Scavenger do repair such of the Publick Wells as need it so as to prevent the like danger for the future, and that the Tom Tom be beat through the Bounds directing all Persons who have wells in their Grounds and Houses to do the same under Penalty of being punish'd if neglected.

The repairing  
the Bridges  
near the Town  
consider'd of.

The Bridges next the Town and that in the Way to Triplicane being both much out of Repairs in so much that if some care be not taken they will soon be so bad that they will requir<sup>e</sup> to be new Built. It was mov'd to consider what means to take for putting them into some tolerable repair, since the fund which used to be appropriated to such Uses namely the Town Conicoplys duty is by the Honourable Court of Directors in their last Letter order'd to be past to the Credit of their Revenues.

There appeared to Board only three ways of doing this, One by an assessment on the Inhabitants; the next by a Duty to be establish'd as a fund for keeping them in a constant repair, the 3<sup>d</sup>. at the Companys Expence the two former of which have considerable Inconveniences, and difficultys attending 'em. An assessment wou'd make the Inhabitants very uneasie, lest whenever it shou'd be thought proper to undertake any New thing for the use of the place it shou'd be drawn into a Precedent besides that the expence wou'd fall on the Persons immediately Inhabiting here, whose Residence among us is by the necessary state of the Trade, and circumstances of the Place very Uncertain, and new Comers wou'd reap the Benefit of it without being at any part of the Charge. A Duty appropriated for these uses to be levy'd by way of a Toll wou'd in all probability be very difficultly collected and hardly answer since the Bridges are of use only in the Winter Season of the Year when the Waters are high, and therefore the Country People wou'd avoid paying by passing the Rivers without coming to the Bridges in the other Season. And to levy dutys for repairing these Bridges without the Persons who pay the same reaping any advantage thereby as wou'd be the case if any other Method but a Turnpike was made use of, wou'd occasion much murmuring among the Inhabitants of which we find a remarkable Instance in the case of the Scavengers duty which tho' levy'd for their real Benefit is still look'd upon as a Grievance.

The Paymr.  
to make an  
estimate of  
the Expence.

Upon the whole it was AGREED that the Paymaster do disburse what is necessary to repair the Town Bridge and Triplicane Bridge first making an Estimate of the Expence to be laid before the Board,

Which resolution the Board were induced to take in consideration of the General use of the Bridges to the Town, and the Advantage of them to the Company in particular which to all who have been here any time is very Apparent and may be proved to others by the amount of our customs which are now very high notwithstanding our foreign Trade has for several Years past been almost constantly attended with disappointments and many branches of the Customs thereby reduced to Nothing. Yet these Losses have been abundantly made up by the Consumption of many other Articles to which Consumption the easie access to the place and constant and certain intercourse that has been by means of the Bridges kept open with the country has greatly if not entirely contributed.

Request to  
the Compy. to  
be repeated  
for appropri-  
ating the  
Town Conicop-  
ply's duty to  
Publick uses.

AGREED further to repeat our request to our Hon<sup>ble</sup> Masters that they will again permit us to make use of the produce of the Town Conicoply's duty for these and such other uses as they are pleased to tell us in their Letter of the 3<sup>d</sup>. febr<sup>y</sup>. 1719 Section 66 that duty was appropriated for.

— FORT ST. GEORGE, NOVEMBER 1735 —

The Justices of the Choultry report to the Board that they have had under confinement in the Choultry Prison for some time past two Persons for a Robbery Committed in the Country whom they are at a Loss how to proceed about, because by the late Charter We are not empower'd to take cognizance of any crime committed above 10 Miles distant from any English Settlement, and therefore they have not yet bound them over altho the Robbery is plainly proved by the Confession of the one, and the Goods being found upon the other.

Justices at the Choultry at a loss how to proceed against two Persons brot. before 'em for committing a Robbery in the Country.

Which being consider'd the Board AGREED by an express limitation in the Charter they cannot proceed against these Persons according to the English Laws. That delivering them up to the Country Government wou'd be attended with ill consequences since it wou'd be urged as a Precedent in other cases in future, and that letting them Escape wou'd be yet worse since it wou'd give encouragement to future attempts of the like kind. Wherefore it was after long Consideration unanimously determined and resolv'd to send the two Prisoners to Bencoolen on the first vessel bound thither to be Slaves for Life to the Company. This resolution the Board thought justified by the Charter since being therein directed to act as much in conformity to the Laws of England as the condition and circumstances of the place will admit of, the board cannot but be of Opinion, His Majesty Intended by the above expressions to give us a liberty (in Consideration that in so distant a Colony, and among People whose Religion, Laws and Customs are so infinitely different from our own many things must unavoidably happen for which the Laws of England have made no Provision, and many others where the Execution of these Laws wou'd be attended with very fatal Consequences to the settlement) of acting in all such Cases so as shou'd appear most consonant to the Well being and Security of the Place, And of this nature the Board think the case now before us to be.

The Board takes the Affair into consideration.

TO THE HONBLE RICH<sup>d</sup>. BENYON Esq<sup>r</sup>.

PRESIDENT AND GOVERN<sup>r</sup>. OF FORT ST. GEORGE &C. COUNCIL.

HONBLE SIR & SIRs

In Obedience to your orders we have perused the several Letters from ffort Marlbrô concerning the Factory of Moco Moco, the Survey of the Buildings and Paggar there together with the 27<sup>th</sup>. Paragraph of the Honble Court of Directors Letter of the 4<sup>th</sup>. December 1734 in which they are pleased to order, that a neat Brick house be built of such Dimensions and such a sum of Money be allow'd for the same, and no more as Your Honour &c. shall direct.

## — FORT ST. GEORGE, DECEMBER 1735 —

We find from the said Letters and Papers that the several Buildings are very much decay'd and particularly the house so as not to be habitable with safety, the setting about which immediately seems to be absolutely necessary, we herewith deliver Your Honour &c. a Plan of such a one as we judge is required at that Place consisting of

- a Hall.
- 2 Chambers for the Resident.
- 1 Chamber and Closet for the ffactor.
- 1 Chamber and Closet for the Surgeon.
- 1 Chamber for the Captain of the Ships or extraordinary use.
- 1 Warehouse for the Company's Peice Goods.

We are not able to make a just Calculate of the Cost of such a House, as there has been no brick or Chunam as yet made at Moco Moco, but as we suppose this will be Chiefly perform'd by the Company's Slaves it will occasion no further charge than their Labour, and we are of Opinion it will save a very considerable Expence if Teak Timber and plank are used instead of what are procurable there. This will make it durable and lasting, whereas the other is always decay'd and rotten in a few Years, if your Honour &c. so determine the Carpenter and Joiners Work may be Perform'd here & sent over which will lessen the Charge considerably of Workmanship and forward the Building the Boards from the Old House will nigh line the New, so that there will be little occasion for the purchase of Materials on that Coast for the service.

The other Buildings are in so bad a condition that by the time the house is finish'd, they will be entirely decay'd and must be rebuilt, Viz<sup>t</sup>.

A Wall of 10 foot high, round the Paggar the fence being now only of Wood and rotten.

- A Gateway Corps De Guard & Barrack for the Military,
- A Room for the sick,
- A Storehouse and Powder Room,
- A Lodging for the Officer,
- A Cookroom and three Godowns,

besides which there will be required a Pepper Godown and Garbling shed, without which it wou'd be unsafe to have within least the Guard who are generally but few in number shou'd be surprized at any time by the Number of People who come on that Business.

These Buildings are in our opinion sufficient for that Settlement, and are no more than what are required as long as the Company shall think fit to continue a Residency there, and without a place capable of making some Defence their affairs cannot (from the experience we have had of that Country) be carry'd on with any probability of Success, since if the Sultan is not supported in a fast Authority over his people, they will neither be obedient nor regard their Plantations. The Sultan is so sensible of this, that he has seen with Concern the decay of the ffactory Buildings and Paggar, and has often remonstrated to the Gentlemen on the Coast the necessity of having them in good order, and that it was of the utmost Consequence to the wellfare of the Company's affairs, By his care and good management, with his Zeal for their Interest in promoting the increase of Pepper, His Country is now in a more flourishing Condition than ever was known but the continueing it in this happy State, will in our Opinion be very precarious, unless these measures are put in Execution.
